RE: **SS-0264-18 - Network Infrastructure to Access Florida LambdaRail (FLR) Internet Services**

The Information Technologies Division (ITD) requests approval to extend the end date on SS-0264-18, Network Infrastructure to Access Florida LambdaRail (FLR) Internet Services with Level 3 Communications, LLC (Level 3) an affiliate of CenturyLink Communications, LLC.

Level 3 provides critical internet connectivity services (Internet Transport Services) via diverse routes to connect the Ed Ball Building Data Center to Florida LambdaRail fiber. In addition, the supplier provides a network connection that delivers a direct link from Jacksonville, FL to the City's backup disaster recovery site (Disaster Recovery Transport Services) at a Level 3 Data Center in Atlanta, GA.

The period of service for the current award ends August 21, 2023. This request is to extend the current GGAC award 120 days ending on December 19, 2023. ITD originally submitted a single source for the services but the single source was cancelled. ITD will need additional time to research all the available procurement options for the required internet services. We are also requesting an increase to the award in the amount of $64,000.00.

The current not-to-exceed of $905,757.00 will increase to a total award not-to-exceed amount of $969,757.00.
Upon Award approval, ITD will request a formal contract amendment through the Office of General Counsel.
