assemblies, control cabinets, vehicle detection loops, interconnect conduit and/or fiber optic cable including terminations, signal cables, electrical power services, and installation of overhead and shoulder mounted traffic control signs. The unit price description of each work effort will specify whether the work to be performed will be done with material or equipment that is supplied by the City or supplied by the contractor. All conduit, loop wire, signal cable and span wire will be provided by the contractor.

Specific project locations and designs will not be known at the time of letting and will be determined during project development. The City will issue no more than three (3) work orders at a time, to each contractor. The City will issue work orders based on satisfactory completion and acceptance of work completed. The City and its staff will be responsible for providing a signal design package to the Contractor for each location through a work order. During the design phase of each work order, the Contractor will attend field meetings with the designer, including a design kickoff meeting and utility coordination meeting. Upon completion of the design, the Contractor will be provided a traffic signal design package for each individual location which will include the applicable pay items and quantities, and plan drawing. The City reserves the right to select and distribute work to be performed.

Please see Section 4 for a full description of the services and deliverables required under this RFP.

1.3 Term of Agreement.

The initial term of agreement will commence upon execution of the Contract and will continue for one (1) year. Buyer will have the option to renew such agreement for up to **three (3)** additional **one (1)** year terms upon satisfactory performance by Contractor. The Contract is subject to early termination as set forth elsewhere in this RFP.

1.4 Minimum Requirements for Contractors.

Contractors must satisfy the following minimum requirements in order to have their Responses evaluated. By submitting a Response, Contractor warrants and represents that it satisfies these requirements. Failure to meet these requirements will result in the Response not being evaluated and being rejected as non-responsive:

1. Contractor shall provide current proof of all business licenses required by local, state, and federal law as applicable.
2. Must be pre-approved by the Florida Department of Transportation (FDOT) under the "Traffic Signal" work classification at the time of bid opening.

1.5 Equal Business Opportunity Program.

It is an official policy of the City of Jacksonville to encourage the maximum participation of Jacksonville Small and Emerging Businesses (JSEBs) in its contract awards based upon availability. To participate as a JSEB on Buyer projects, a company must be certified as a JSEB with the City's Equal Business Opportunity Office.

This RFP and the resulting Contract are subject to requirements of the "Encouragement Plan," which is fully described on Attachment C to this RFP.

Contractors may contact Buyer's Equal Business Opportunity Office at (904) 255-8840 or find the JSEB directory on Buyer's website. Please contact the Contact Person identified in Section 1.12 if you are uncertain of Buyer's website address or if you experience problems accessing it.

1.6 Documents Available for Inspection.
