SPECIFICATIONS
CITYWIDE SAFETY SUPPLIES

The City of Jacksonville Procurement Division is soliciting bids from qualified suppliers for the supply of, and firm price agreement for, various safety supplies to be utilized citywide as outlined in the bid documents.

All questions or discrepancies regarding the bidding process or the bid documents must be submitted in writing to Corey Sidlo, Purchasing Analyst, at csidlo@coj.net by the date and time specified on the Bid Form.

Pricing must be based on the Product Description, the Unit of Measure, and the Estimated Annual Quantity on the Bid Proposal Form. Example: if the product description calls for 12 pairs of glasses per box, the Unit of Measure is "Box", and the Estimated Annual Quantity is 25 then the Unit Price would be the cost for one (1) box of 12 pairs of glasses and the Extended Price would be the cost of 25 boxes.

For bidding purposes, if the supplier's packaging quantity does not coincide with the packaging quantity on the Bid Proposal Form, supplier should determine the cost of his/her product if it were packaged per the solicitation despite the fact that it cannot in actuality be ordered that way.

If supplier's packaging requires a minimum number of an item to be ordered, indicate minimum ordering quantities on a separate paper.

All items furnished shall be completely new, unopened, and free from defects.

Brand and item numbers specified on the Bid Proposal Form represent what the City currently uses or has used. Equivalent items will be accepted but must meet the expectations of the City. Any items found to not meet the expectations of the City shall be cause for termination of the contract in part or in whole.

Bidders must note the brand and model being offered on the Bid Proposal Form. The City reserves the right to request samples of any item to determine acceptability. The City reserves the right to make the final determination with regards to acceptability. **Unless requested by the City, samples will not be required.**

All prospective bidders must maintain one (1) month of stock for the City, based on the estimated quantities listed on the Bid Proposal Form, of at least 50% of the total number of safety supplies listed on the Bid Proposal Form. The awarded supplier must be able to meet this requirement within fifteen (15) days of award notification.

All orders must be received within five (5) business days after receipt of a Purchase Order. Products may be shipped or hand delivered. At no time should any backorder delivery exceed ten (10) business days. In the event the awarded bidder fails to deliver within these guidelines, the City reserves the right to make necessary purchases outside of the contract and/or to terminate the contract.

Deliveries shall be made F.O.B. Destination to various locations within Duval County. Delivery locations are included in the bid document; however, the City reserves the right to add or remove locations throughout the contract term.

To the extent that a bidder cannot bid any item listed on the Bid Proposal Form because it is no longer available, the prospective bidder must notify Corey Sidlo, Purchasing Analyst, in writing at csidlo@coj.net at least seven (7) calendar days prior to the bid due date.
