The Project (West Area) may be independently awarded to the lowest responsive, responsible bidder contingent on the availability of funds within the projects approve budget. The City has the right to reject any or all bids if it is in the best interest of the City. It is the intent of the City that no sidewalk contractor shall have more than two contract areas under this **PEDESTRIAN SAFETY IMPROVEMENT PROGRAM** at any one time.

C. REVISIONS OF BID PROPOSAL FORM

Request for revision of the Bid Proposal Form must be made to the ENGINEER at least ten (10) days prior to date of opening of bids. Revision of the Bid Proposal by the bidder will void the bid.

D. CONTRACT EXPIRATION DATE

The Contract expiration date shall be established as follows:

The notice to proceed date plus ten (10) calendar days for mobilization, plus the construction time established in the proposal, plus time extensions pursuant to valid change orders (which shall establish the construction completion date), plus 120 days to assure a contract exists beyond the scheduled construction completion date in order to comply with Executive Order Number 2013-05. No purchase orders will be issued under this contract after September 30, 2017, unless extended by amendment. If, by mutual agreement of both parties and provided funding is available, the contract may be extended two (2) times for a period of twelve (12) months each time. All pricing shall remain firm for the initial period. Upon renewal (if applicable), a supplier may submit in writing a request for price escalation / de-escalation for the percentage of change as listed in the Consumer Pricing Index (CPI) and/or documentation notifying of an industry wide increase. The CITY reserves the right to decline any price increase request.

If the bidder determines that "off-hours" work is anticipated to complete the project within such allotted times, a schedule therefore shall be attached to this proposal as required by Section 20.3.4 of the General Conditions.
