NUMBER OF BIDS INVITED: 4 NUMBER RECEIVED: 9 OTHER: 1

SUMMARY OF BIDS AND RECOMMENDED ACTIONS:

The Betz Tiger Point Improvements project Amendment 13A with ACON Construction Company, Inc., (contract #8150-15), was awarded on 04/05/18 in the amount of $185,053.00.

Recommend approval of change order #1 to ACON Construction Company, Inc., in the amount of $1,076,864.92, (with an included contingency in the amount of $15,000.00) for the Day Use Area Phase 1 Construction. Phase 1 will consist of additional geotech exploration, permitting, surveying and final design and construction for the access road, parking, fishing pier, boardwalks, asphalt walk and kayak launch. FDEP decisions and negotiations will provide permitting and design for two pavilions and a restroom facility for Phase 2. This incorporates the attached scope and fee summary, Exhibit "O-2", with guaranteed completion of 180 days from issuance of notice-to-proceed. Total new guaranteed maximum price not-to-exceed $1,261,917.92.

Funding for this award is to be encumbered account(s): RPCP324F5720-06505-PR0447-06- $875,703.58; PRCP353F5720-06503-PR0447-02- $22,358.11; PRCP353F5720-06505-PR0447-02- $178,803.23 to be executed by contract Amendment 13B through Office of General Counsel.

SUBJECT: CDB-0008-16 – Design-Build Services - Active and Passive Parks Projects – Betz Tiger Point Improvements AMENDMENT 13B

RPCP324F5720-06505-PR0447-06	$875,703.58
PRCP353F5720-06503-PR0447-02	$ 22.358.11
PRCP353F5720-06505-PR0447-02	$178,803.23

In accordance with Design/Build CDB-0008-16, Contract 8150-15, the subject project was awarded by Amendment 13A in the amount of $185,053.00 to provide geotechnichal exploration, permitting, surveying, limited archaeological testing and 60% design for the Betz Tiger Point Improvements project. Amendment 13B is to provide additional geotech exploration, permitting, surveying and final design and construction for Phase 1 of the Day Use Area, which includes the access road, parking, fishing pier, boardwalks, asphalt walk and kayak launch, FDEP decisions and negotiations and will provide permitting and design for two pavillons and a restroom facility for Phase 2. Negotiations have resulted in the GMP amount of $1,076,864.92, which includes $15,000.00 contingency, as indicated on the attached Scope & Fee Summary, Exhibit O-2 and allowing for the completion of the work 180 days from notice to proceed. EBO goals of 10% continue to be met.

Accordingly, this is to recommend that Contract No #8150-15, Amendment 13A, originally executed May 8, 2018, between the City and Acon Construction Co., Inc., for Betz Tiger Point be amended to incorporate the attached Scope and Fee Summary, Exhibit O-2 to increase the GMP amount by $1,076,864.92 to a new GMP amount of $1,261,917.92, known as Amendment 13B.

Attention: Mr. William Joyce, P.E.
Chief of Engineering and Construction Management
Reference: Betz Tiger Point Day Use Area Phase 1 Construction
DB Contract #8150-15

Mr. Joyce,

We are pleased to provide this proposal for the work on the subject project under the guidelines of the referenced contract.

The scope of this project is to provide additional geotech exploration, permitting, surveying, and final design drawings along with construction for Phase 1 of Day Use Area. Phase 1 includes the Access Road, Parking, Fishing Pier, Boardwalks, Asphalt Walk and Kayak Launch as defined in 60% drawings, FDEP Decisions and negotiations. Additionally, this proposal includes further permitting and design to provide two pavilions and a restroom facility for Phase 2 Construction. Negotiations will be conducted at the City's request for GMP and GCD to build the next phase.

Our Guaranteed Maximum Price (GMP) for this project phase as stated is $1,076,864.92.

The Guaranteed Completion Date (GCD) will be 180 days from Notice to Proceed to complete this phase.

Breakdowns follow this letter. Please contact me if you have any questions or need further information.

Sincerely,

Frank Anderson
Construction Manager

ACON Construction Company

100% DESIGN FOR ROAD & TRAILS PHASE

August 28, 2018

Mr. Frank Anderson
ACON Construction Company
3653 Regent Boulevard, Suite 401
Jacksonville, FL 32224

RE: Scope and Fee: Betz-Tiger Point Preserve – 60-100% Design Development for Roadway, Parking Lot and Boardwalks (**Phase 1**), Jacksonville, Florida.

Dear: Mr. Anderson:

Hanson Professional Services (Hanson) is pleased to submit a proposal to ACON Construction Company for performing site design services for the City of Jacksonville (COJ) Betz-Tiger Point Preserve project. This proposal is to develop the design from 60% to 100% for the roadway, parking lot, boardwalks and trails leading to the boardwalks. This is referred to as Phase 1 of the project. Phase 2 will consist of the buildings and associated utilities and will be covered under a separate scope and fee.

- Approximately 0.5 miles of stabilized aggregate road (crushed concrete or similar).
- 30 space stabilized aggregate parking lot.
- Paved trails and boardwalks leading to observation deck and kayak launch.
- Siting for 2 Picnic Pavilions.
- Siting for 1 Restroom Building.
- Shoreline canoe/kayak launch area.
- 10'x30' observation deck with boardwalk extending into the water to edge of channel.

The design services shall be based on the Master site approved by the City of Jacksonville (COJ) on 7-19-18.

The following is a list of anticipated efforts for the design services:

Hanson Professional Services will be responsible for the civil site design.

Civil Design Development

- Field investigation and information gathering.
- Geometric layout of the road, parking lot, bathroom, pavilions, stabilized trail, canoe/kayak launch area and observation deck with boardwalk.
- Grading and drainage design including a stormwater management facility
- ADA compliant parking and trail layout
- Design and details for observation deck and connecting boardwalk
- Design of sediment control features.
- Meetings with regulatory agencies for permitting requirements and submittal of applications (FDEP and USACE for environmental resource and wetland permits.)
- Meetings with the COJ.
- Preparation of 100% level construction drawings that include cover sheet, general notes, master plan, roadway plan sheets, site geometry, drainage/grading, and engineering details. Buildings and pavilions will be shown as locations only.
- Submittal of 10 set plans to COJ Development Services Review Group

Environmental Services, Inc. will be responsible for the following:

Environmental Services

- Wetland delineation and Seasonal High Water determination for areas outside of the initial phase study area and for potential floodplain compensation site.
- ACOE and SJRWMD wetland boundary verification.
- Preparing and submitting permit applications to USACE and FDEP.

Clary and Associates, Inc. will be responsible for the following:

Survey Services

- Wetland and Seasonal High water mark survey.
- Additional topo for potential roadway widening for treatment ditches that were not accounted for in the initial typical section assumption.
- Additional topo for potential floodplain compensation area.

CSI Geo will be responsible for the following:

Geotechnical Services

Additional SPT and Auger borings with associated lab testing for the main roadway area that was not part of the initial geotechnical investigation. Additional DRI testing may be required to satisfy regulatory permitting. See attached scope of work for geotechnical services.

The total fees for 100% design services will be **$95,609.05.**

This proposal assumes design for the buildings and pavilions (architectural and structural) will be provided under a separate contract.

We are looking forward to working with the City of Jacksonville and ACON Construction Inc. on this project. We can proceed with this effort upon final written authorization from you. Thank you.

Sincerely,

Randy Downing, PE
Senior Project Manager

RE: Tiger Point Preserve Permitting - revised (EJ18054.01)
Duval County, Florida

Dear Ms. Bowen:

Thank you for contacting Environmental Services, Inc. (ESI). Pursuant to our recent conversation, ESI is pleased to enclose the attached proposal. Please note under our Terms section at the end of the proposal that, as the client, you assure ESI that we have permission to work on the property being evaluated and that you will advise us regarding the proper procedures for accessing the property.

If the attached meets your requirements, please approve by signing and returning the enclosed document to us by mail to the address above, by fax (904-470-2112) or via email (ghowalt@esinc.cc). We are prepared to proceed upon receipt of the signed contract. We look forward to working with you.

Please contact me should you have any questions. Thank you for selecting ESI to assist with your environmental consulting needs.

Sincerely yours,

ENVIRONMENTAL SERVICES, INC.

ENVIRONMENTAL SERVICES, INC

PROPOSAL FOR SERVICES
ESI PROJECT NO. EJ18054.01

The following Contract for Services is an agreement between Environmental Services, Inc. (ESI) and Hanson Professional Services, Inc. (Client) with the terms specified herein. Client agrees that the company/individual signing this agreement has the ability to compensate ESI for the work described herein whether or not the proposed project materializes. ESI agrees to perform the following tasks for the associated fee.

Project Name: **Betz/Tiger Point Preserve Permitting**
Project Location: **Duval County, Florida**

SCOPE OF SERVICES

		FEE
Task 1.	**Phase I Cultural Resource Assessment** Tasks will include background research, pedestrian inspection of exposed ground surface, subsurface testing at prescribed intervals, laboratory analysis (if applicable), preparation of a final report according to professional standards, and correspondence with the city as well as the Florida Division of Historical Resources. If archaeological sites are encountered, artifacts will be delineated with additional shovel tests at reduced intervals, and the appropriate form will be filled out and submitted to the Florida Site Files after the review process. If any archaeological sites or historic structures are deemed potentially eligible, they will need to be preserved in place or be subjected to additional testing if preservation is not a viable option to the project. Additional testing will exceed the scope and budget of the Phase I survey and will require modifying the contract.	$4,500.00 estimate (not to exceed)
Task 2.	**Roadway Alignment Wetland Delineation and Seasonal High-Water Locations** ESI will field delineate the limits of jurisdictional wetlands pursuant to the current methodologies of the U.S. Army Corps of Engineers [(ACOE) 2010 Regional Supplement to the Corps of Engineers Wetland Delineation Manual: Atlantic and Gulf Coastal Plain Region (Version 2.0)], Florida Department of Environmental Protection (FDEP) and St. Johns River Water Management District [(SJRWMD) Florida Unified Wetland Delineation Methodology, Chapter 62-340, F.A.C.]. We will provide you and your chosen land surveyor with a flagging key map showing the approximate location of the jurisdictional line.	$2,000.00 estimate (not to exceed)

This task does not include the formal mapping of the wetland boundary. A licensed land surveyor must perform this mapping.

ESI will also set a total of four seasonal high-water elevations based on biological indicators in the on-site wetlands. These may be reviewed by regulatory staff and must be surveyed by your licensed surveyor. This data should then be utilized by your project engineer for site planning. Four elevations are set and are then averaged for the seasonal high-water elevation for that particular wetland. These can later be used to substantiate that the project will not draw down any remaining wetlands or severely alter the hydrology.

Task 3. FDEP Individual Environmental Resource Permit — $3,500.00 estimate (not to exceed)

ESI will assist your consulting engineer in preparation and submittal of an Individual Environmental Resource Permit application.

This permit will require approximately 90 to 120 days from the date of application submittal to obtain. The permit will require approval from the FDEP staff.

**This cost does not include the permit application fee.*

Task 4. ACOE Jurisdictional Determination Request and (if needed) Nationwide Permit Application — $3,000.00 estimate (not to exceed)

ESI will prepare and submit an ACOE Wetland Jurisdictional Determination Request Package and (if needed) and Nationwide Permit Application, including a proposed plan of development, mitigation plan, and Section 404(b) environmental documentation.

This permit will require approximately 45 to 60 days from the date of application submittal to obtain. The permit will require approval from the ACOE staff.

Task 5. Project Coordination and Meetings — $2,800.00 estimate (not to exceed)

ESI will coordinate with the project team, participate in project progress meetings and meetings with regulatory agency staff as requested.

Task 6.	**Requests for Additional Information (RAI)** ESI will prepare responses to one RAI from each permitting agency. *In most cases, the representatives from ACOE and SJRWMD ask for additional information related to the project which is not typically included in the permit application. The content and detail of these requests are difficult to predict at this time as this is dependent upon the level of scrutiny that the agency personnel and others offering comments feel is appropriate for the project. Typically, SJRWMD issues one RAI with questions related to both environmental and stormwater engineering issues. ACOE RAIs typically consist of providing technical responses to comments from U.S. Fish and Wildlife Service (FWS), National Marine Fisheries Service (NMFS), U.S. Environmental Protection Agency (EPA) or others.*	$2,000.00 estimate (not to exceed)

Additional services not specifically addressed herein will be invoiced on a time and materials basis at standard ESI hourly rates. We will provide you with a written proposal for these tasks if, or when, they become necessary. We are prepared to proceed upon receipt of the signed contract.

ESI is committed to providing quality service to our clients. Every project is reviewed by a senior technical manager to ensure that the work has been performed in compliance with our goal of providing superior service and solutions to our clients.

ENVIRONMENTAL SERVICES, INC.

Project Name: **Betz/Tiger Point Preserve Permitting (EJ18054.01)**
Project Location: **Duval County, Florida**

Task 1:	Phase I Cultural Resource Assessment Survey	Fee:	$4,500.00 est. NTE
Task 2:	Wetland Delineation and Seasonal High-water Locations	Fee:	$2,000.00 est. NTE
Task 3:	FDEP Individual Environmental Resource Permit	Fee:	$3,500.00 est. NTE
Task 4:	ACOE Permitting & Jurisdictional Determination	Fee:	$3,000.00 est. NTE
Task 5:	Meetings and Coordination	Fee:	$2,800.00 est. NTE

TERMS:

- ESI will complete the work described above in a timely manner unless delayed by Client's request, lack of information, or intervening factors beyond our control.
- Client assures ESI that it has permission to work on the subject property and will advise ESI of proper procedures for accessing subject property.
- **ESI will maintain a minimum $1,000,000 errors and omissions (professional liability) insurance; $1,000,000 per occurrence and $2,000,000 aggregate general liability insurance for the duration of the project. If any additional insurance requirements are necessary, please return the specifications with the signed proposal. They will become a part of this contract as agreed by both parties.**
- Outside services and expenses such as subcontractors and special purchases will be invoiced with a handling fee of 15 percent.
- **A retainer of $0.00 is required; the retainer will be subtracted from the <u>last</u> invoice and is required by ESI to initiate work.**
- Client will provide ESI with any special billing formats or considerations with the signed contract.
- Billing is done monthly. **<u>Payment is due immediately upon receipt of the invoice</u>**; after 30 days the Client agrees to pay 1.5 percent late fee per month or portion thereof on unpaid balances. Unpaid balances after 60 days from the date of the invoice may result in work stoppage until overdue accounts are resolved.
- Failure to pay within 60 days from the date of invoice will be considered by ESI to be a breach of contract, and ESI may cease work and withhold all work product immediately without penalty from the Client.
- Client agrees that this contract is an agreement between Client and ESI. Payment is due from Client at the time services are performed. Payment shall not be contingent upon regulatory action or upon resolution of any legal matter that ESI is not a party to. If ESI is being contracted to complete work which Client will use in a legal dispute, Client agrees to pay ESI in a timely manner without regard to the current standing of that legal dispute. ESI fees may not be incorporated into real estate closings without prior written consent from ESI.
- This agreement shall be governed by the laws of the State of Florida, United States. Any lawsuit, proceeding or action arising out of or relating to this agreement must be brought in any court of competent jurisdiction located within Duval County, Jacksonville, Florida. Each of the parties irrevocably submits and consents to the exclusive jurisdiction of such court in any such lawsuit, proceeding or action, and waives any defense or objection it may now or hereafter have to personal jurisdiction, venue, or inconvenient forum.
- ESI rates change on March 1 of each year.
- **This proposal is valid for a period of 60 days following the date of issuance.**

RE: Scope and Fee: Betz-Tiger Point Preserve – Buildings, Pavilions and Boardwalks (Phase 2), Jacksonville, Florida.

Dear: Mr. Anderson:

Hanson Professional Services (Hanson) is pleased to submit a proposal to ACON Construction Company for performing site design services for the City of Jacksonville (COJ) Betz-Tiger Point Preserve project. This proposal is to develop the design from 60% to 90% for Phase 2 of the site development consisting of boardwalks, buildings and trails and associated utilities.

- Sidewalks, paved trails and boardwalk leading to main pavilion and restroom.
- Design of on-site sewage treatment system for Health Department permit.
- Design of on-site potable water supply system for FDEP/SJRWMD permit.

The design services shall be based on the Master site approved by the City of Jacksonville (COJ) on 7-19-18.

The following is a list of anticipated efforts for the design services:

Hanson Professional Services will be responsible for the civil site design.

Civil Design Development

- Grading and drainage design.
- ADA compliant boardwalk/sidewalk layout.
- Water supply design for restroom building.
- On-site sewage treatment system design for restroom building.
- Design of sediment control features.
- Meetings with regulatory agencies for permitting requirements associated with the onsite sewage and potable water systems.
- Meetings with the COJ.
- Preparation of 90% level construction drawings that include cover sheet, general notes, master plan, site geometry, drainage/grading and utility plans, and engineering details.
- Submittal of 10 set plans to COJ Development Services Review Group
- Submittal of applications to FDEP and FDOH for onsite sewage disposal and potable water well.

The total fees for 90% design services, including permit application fees, will be **$26,103.00**.

This proposal assumes design for the buildings and pavilions (architectural and structural) will be provided under a separate contract.

We are looking forward to working with the City of Jacksonville and ACON Construction Inc. on this project. We can proceed with this effort upon final written authorization from you. Thank you.

Sincerely,

Randy Downing

PROPOSAL

August 24, 2018

Proposal Submitted to: **Acon Construction / Attention: Frank Anderson**
Work to be performed at following address: **Betz Tiger Point**
Phone # (s): (904)565-9060 / (904)813-4065(cell) E-mail: fanderson@aconcci.com

We hereby propose to furnish all the materials and perform the labor necessary for the completion of:

- **Install silt fence from staging area to kayak launch access road**
- **Install floating turbity screen around dock area**
- **Construct 6 FT by 100 FT compacted aggregate (crushed crete) pathway for kayak launch (path bordered with staked 6 x 6's to contain aggregate)**
- *** CRUSHCRETE material provided by others.**
- **Construct 220 LF of 6 FT low profile boardwalk**
- **Construct 72 LF of 6 FT elevated boardwalk**
- **Construct 10 FT x 30 FT overlook**
- **Construct 220 LF of 2 x 2 picket handrail**

*****Excludes surveys, clearing and grubbing, and paving.**

Total Price for above: **$148,550** PIER, KAYAK LAUNCH, TRAIL + BOARDWALK

- ***Deductions to original proposal were made after meeting on Wed 8-22***
- ***Crushcrete material to be provided by others***
- ***Delete concrete footings @low profile boardwalk***

****Excludes any sod, surveys, as builts, electrical, plumbing, permitting and/or engineering fees****
****Prices subject to change due to engineering requirements and/or unforeseen site conditions****
****Although every effort will be taken to prevent any damages when accessing the worksite; HCG is not responsible for any damage to landscape/sod, irrigation, utilities and/or existing concrete/asphalt or pavers****

Prices are based upon sand bottom, in the event there are adverse conditions, such as limerock, coquina, concrete, etc., an additional charge will be required. Materials and workmanship installed or performed by Hayward Construction shall be guaranteed under normal conditions for a period of one year from the date of installation; excluding accidents and/or Acts of God.

Acon Construction / Attn.: Frank Anderson
August 24, 2018
Betz Tiger Point Proposal – Page 2 of 2

The above work will be performed in accordance with the drawings and/or specifications submitted by the owner for the above project and completed in a timely and professional manner. Should any of the work not be performed or supervised by Hayward Construction Group, we cannot be held responsible for any damage and/or malfunction.

Any alteration or deviation from the above specifications involving additional costs, will be executed only upon written agreement from both parties, and will become an extra charge over and above the estimate. All agreements are contingent upon strikes, accidents and/or delays beyond our control. Owner will carry fire, tornado/storm damage and other insurance necessary for the job listed above. Worker's Compensation and General Liability Insurance for the above estimate will be carried by Hayward Construction Group.

Respectfully submitted by: _____
We, at Hayward Construction Group appreciate your business.
Note – This proposal may be withdrawn if not accepted within 15 days from above date.
