No objections. It was I who requested that the tax office have the bill and service be put into their name. It just made more sense to have them pay the bill directly and have control over their own services rather than going through us.

My only concern is that the current contract to make sure that it is cancelled and not carry over with our name.

Good afternoon Sky. I am in the Procurement Division for the City of Jacksonville and I would like to know if you would have any objections to the Tax Collector's Office at 3520 Blanding Boulevard utilizing an existing contract between the City and Advanced Disposal Services for their dumpster rental and trash collection services.

Would you please let me know if it would be okay for the Tax Collector's Office to switch service providers at your property?

If you have any questions, please feel free to call.

Thank you,
