RE: Business Leadership Institute for Early Learning Inc. (BLI)

Mr. Pease,

The Business Leadership Institute for Early Learning Inc., is currently working with Lenora Wilson with the Kids Hope Alliance to provide the Business Leadership Institute for Early Learning Accreditation Academy initiative for KHA.

The program is created collaboratively with KHA by BLI as an extension of the BLI Master Class Series, designed to take the early learning childcare business owner / operator through a seamless process of business development and national accreditation over a 12 month period. At the completion of the accreditation process the participants will receive the benefits of Florida Gold Seal including rate increases provided by Florida Gold Seal on their subsidy tuition reimbursements. This program especially impacts businesses serving low income families as it provides additional financial resources to help offset the increase cost of quality education and care.

BLI operates throughout the State of Florida and creates a peer network of early learning childcare social entrepreneurs that operate at peak performance creating financially sound social enterprises that demonstrate the highest quality care and learning for the children they serve. To that end BLI offers industry specific master classes, conferences, alumni trainings, on-line support, peer-to-peer meetings and advocacy engagement with key industry decision makers, legislators and community leaders to explore new possibilities for better outcomes with our participants as a larger network of small business entrepreneurs.

Thank you,

Robyn Fern Perlman

Scope of Services

Business Leadership Institute (BLI) Accreditation Academy Initiative 2022 – 2023

This is a funding proposal for BLI to provide direct services for the participants in the Accreditation Academy initiative, created collaboratively by KHA and BLI as an extension of the BLI Master Class Series. To ensure qualified candidates, BLI has designed and executed the recruitment process including development of the application, evaluation criteria, interviewing, selection, and onboarding services. For community building, BLI marketing strategy includes developing and executing ongoing communication between BLI and the participants throughout the process. To further build capacity, BLI works with KHA to help identify local accreditation specialist for future cohorts.
