

Evaluation Criteria Matrix Clara White Mission

Individual Evaluation Points multiplied by weighting	Criterion
24 X 3 = 72	Demand for the job as defined by department of labor
90 X 3 = 270	Wage—the minimum should be approximately \$15.00 an hour after training
130 X 3 = 390	Training/certification—the complexity and certification value (requires state and or nationally recognized credential)
160 X 3 = 480	Number of people to be trained by targeted population
150 X 3 = 450	Matching dollars and/or in-kind being donated by all entities involved in project (include documentation of funds)
180 X 3 = 540	Cost per person
60 X 3 = 180	Timeline for project
72.5 X 3 = 217.5	Employer partners and their contributions (include specifics per partner with letters of support)
90 X 3 = 270	Experience/financial strength of applicant as explained in number 4 above
275 X 3 = 825	Targeted Industry as identified by local economic development authority
Subtotal (515 max)=	363 (average of three scores)
0-25 points	Finalist (optional) interview/demonstration/site visit
0-25 points	Finalist site visit(s) (optional)
Total (565 max)	

Evaluation Criteria Matrix
Florida Community College at Jacksonville

Individual Evaluation Points multiplied by weighting	Criterion
24 X 3 = 72	Demand for the job as defined by department of labor
130 X 3 = 390	Wage—the minimum should be approximately \$15.00 an hour after training
140 X 3 = 420	Training/certification—the complexity and certification value (requires state and or nationally recognized credential)
150 X 3 = 450	Number of people to be trained by targeted population
210 X 3 = 630	Matching dollars and/or in-kind being donated by all entities involved in project (include documentation of funds)
60 X 3 = 180	Cost per person
13 X 3 = 39	Timeline for project
120 X 3 = 360	Employer partners and their contributions (include specifics per partner with letters of support)
350 X 3 = 1,050	Experience/financial strength of applicant as explained in number 4 above
150	Targeted Industry as identified by local economic development authority
Subtotal (515 max)=	462.3 (average of three scores)
0-25 points	Finalist (optional) interview/demonstration/site visit
0-25 points	Finalist site visit(s) (optional)
Total (565 max)	

**Evaluation Criteria Matrix
Florida Community College at Jacksonville**

Individual Evaluation Points multiplied by weighting	Criterion
$4 \times 2 = 8$	Demand for the job as defined by department of labor
$4 \times 10 = 40$	Wage—the minimum should be approximately \$15.00 an hour after training
$4 \times 10 = 40$	Training/certification—the complexity and certification value (requires state and or nationally recognized credential)
$3 \times 15 = 45$	Number of people to be trained by targeted population
$4 \times 15 = 60$	Matching dollars and/or in-kind being donated by all entities involved in project (include documentation of funds)
$4 \times 5 = 20$	Cost per person
$4 \times 1 = 4$	Timeline for project
$4 \times 10 = 40$	Employer partners and their contributions (include specifics per partner with letters of support)
$4 \times 25 = 100$	Experience/financial strength of applicant as explained in number 4 above
50	Targeted Industry as identified by local economic development authority
Subtotal (515 max)=	447
0-25 points	Finalist (optional) interview/demonstration/site visit
0-25 points	Finalist site visit(s) (optional)
Total (565 max)
