DATE: March 14, 2023

SUBJECT: Residential Curbside Solid Waste & Recyclables Collection and Transportation Services
Rear Load – Service Area 1 ESC-0458-22

The Solid Waste Division respectfully requests an administrative correction to award ESC-0458-22 to remove the annual expenditure of $17,584,414.56. The original recommendation memo provided an estimated premise count of 76,044 as an example. The original RFP, ESC-0458-22, did not list a premise count. The contractor responded to the bid as advertised to set rates by premise per month; hourly rate per route and collection of yard waste from major storm and transportation per ton. There are various factors that can affect the contractor's compensation during the contract period. The contract created by Office of General is executed based upon the rates submitted under ESC-0458-22 with no annual expenditure amount nor a not-to-exceed amount. All other terms and rates contained in ESC-0458-22 remain the same. Funding is available from 43101.157007.534070.000000.00000000.00000. Payment will be processed by purchase order under POA-70151-23.

Please advise when this item will be on the Awards Agenda so appropriate personnel can be in attendance.

Your assistance in this matter is appreciated. If you have any questions concerning this matter, please do not hesitate to contact me at 255-7512.
