Dear Sir or Madam:

We are in the process of finalizing a series of transactions (the "Transactions") whereby the Company will transfer control of its existing business to MAIHO III, LLC (the "Buyer"). We are targeting a closing date on or prior to January 31, 2017.

In connection with the Transactions, the Company plans to assign all of its benefits, rights and obligations under its contracts, including the Agreement, to TPH Holdings, LLC, a wholly-owned subsidiary of the Company ("TPH Holdings"), which then will carry on all of the Company's existing business operations (the "Assignment"). Immediately after the Assignment, the Company will sell 80% of its ownership interests in TPH Holdings to the Buyer (the "Change of Control").

This letter constitutes the Company's request that Jacksonville consent to the Assignment and/or the Change of Control, to the extent that such consent of Jacksonville to the Assignment and/or the Change of Control is required under the Agreement. Please indicate your consent by signing where indicated below. With your signature, you acknowledge and agree that: (1) you are authorized to execute and deliver the consent provided hereunder on behalf of Jacksonville; and (2) such consent and the Agreement will remain in full force and effect, without regard to when the closing of the Transactions occurs, provided that, if the closing of the Transactions does not occur, such consent will terminate and be of no further force and effect.

After executing, please return a signed copy of your signature page to me by email to dhonig@thepartshouse.com or by fax to (904) 301-1279.

Nothing herein shall prohibit Contractor from disputing, pursuant to the terms hereof, all or any portion of a payment alleged to be due to its subcontractors and suppliers. In the event of such a dispute, Contractor may withhold the disputed portion of any such payment only after Contractor has provided notice to CITY and to the subcontractor or supplier whose payment is in dispute, which notice shall: (i) be in writing; (ii) state the amount in dispute; (iii) specifically describe the actions required to cure the dispute; and (iv) be delivered to CITY and said subcontractor or supplier within 10 calendar days after Contractor's receipt of payment from CITY. 2.1 Application of Chapter 126 and Other Laws

The selection of and contracting with a Contractor under the RFP will be in accordance with Part 2 of Chapter 126, of the Jacksonville Ordinance Code. Other provisions of federal, state, county and local laws, and administrative procedures, policies or rules may apply to the RFP and any claims or disputes arising hereunder. Lack of knowledge of the law or administrative procedures, policies, or rules by any Contractor shall not constitute a cognizable defense against their effect.

2.2 Questions and Requests for Amendment to RFP

If a Contractor (i) has questions about the RFP, (ii) finds discrepancies, omissions or ambiguities in the RFP, or (iii) believes any term or condition of the RFP is unreasonable, Contractor should request an amendment to the RFP. The request should reference the RFP section at issue and include any specific language that Contractor recommends using.

All requests for amendment must be submitted to the Contact Person in writing (via US mail, courier, e-mail, or hand delivery) and, unless otherwise specified in the RFP, be received by the Contact Person no later than May 17, 2013, by 5:00 pm. Questions and requests for amendments directed to the Contact Person or to any other City personnel shall not constitute a formal protest of the RFP. Failure to request an interpretation or change will be considered evidence that Contractor understands and agrees to the provisions of the RFP.

The posting of a written amendment is the only official method by which interpretations, clarifications, changes or additional information will be given by the City prior to the opening of Responses. Any other interpretation, clarification, change or information will have no legal effect.

The City reserves the right to amend, cancel or reissue the RFP at its discretion. This includes the right to change the Response Due Date and the Contract award date. Notice of all amendments and cancellations will be posted on the City's website (please contact the Contact Person if you are uncertain of the website address or if you experience problems accessing it). Contractor is responsible for monitoring this website for new or changing information.

2.3 Format/Content of Responses

A. If a Response Format is specified in the RFP, Contractors should follow that format.

B. Responses should be prepared simply and economically, providing a straightforward, concise description of Contractor's ability to provide services sought by the RFP. Unnecessary brochures, artwork, expensive paper, and presentation aids are discouraged. Bindings and covers will be at Contractor's discretion.

C. When responding to specific questions, please reprint each question in its entirety before the response.

D. Responses shall be in ink or typewritten. All corrections must be initialed.

E. Response shall be limited to a page size of 8½" x 11". Font size less than 11-points is discouraged. The Response shall be indexed and all pages sequentially numbered.

F. **Except as may be specifically requested in the Response Format, Contractor may not impose any additional terms or conditions to any aspect of the RFP.** The City objects to and shall not be required to consider any additional terms or conditions submitted by Contractor, including any appearing in the Response. In submitting a Response, Contractor agrees that any additional terms or conditions shall have no force or effect. Any failure to comply with the terms and conditions of the RFP, including those specifying information that must be submitted with a Response, may result in rejection of the Response. **If Contractor desires a change or clarification to the terms or conditions of the RFP, Contractor must follow the process set forth in Section 2.2 ("Questions and Requests for Amendments").**

G. Unless otherwise requested by the City, Contractors should make only one proposal for each RFP item. Multiple offerings, alternates (unless any are specifically requested by the City) and/or stipulations may be cause for rejection of a Response.

H. Price offerings shall be **inclusive of ALL costs** (including but not limited to administrative cost for submission of all required paperwork on the City's behalf and any other costs) and will be the only compensation given to Contractor for the required services herein.

I. All prices submitted under the RFP shall be indelible. The use of correction fluid or erasures to correct line item bid prices and/or quantities are not acceptable. Corrections must be by lineout of the incorrect figures, writing in of correct figures, and initialing of the corrections by the originator. Correction fluid or erasure corrected bids will be considered non-responsive for the corrected item(s) only, and may render the entire Response as nonresponsive.

J. Failure to sign any form requiring a signature may be grounds for rejecting a Response.

2.4 Submission of Responses

A. The location and deadline for submitting Responses is set forth in Section 1 of the RFP. Contractors are fully responsible for meeting these requirements. Reliance upon mail or public carrier is at Contractor's risk. **Late bids will not be considered.**

B. Contractor shall submit:

1) One (1) original signed version of its Response clearly marked as "ORIGINAL." The Response must be signed by an officer or employee having authority to legally bind Contractor.

2) Eight (8) hard copies of the entire Response.

2) Eight (8) scanned copies (in .pdf format) of entire Response, each on a separate CD-ROM or flash drive. Large files may be scanned as several separate PDF files.

3) One (1) REDACTED scanned copy of the Response (if necessary pursuant to Section 2.12). This copy should be marked "Confidential – Trade Secret" or something comparable to alert the reader of Contractor's claim of a public records exemption.

All copies are to be placed in a sealed package. The outside must be marked with (i) the RFP title and number, and (ii) Contractor's name, address, contact person, and telephone number.

It is the sole responsibility of each Contractor to assure all copies are EXACT duplicates of the original Response. Photocopies or CD copies will be used for the purpose of evaluating the Responses. Any information contained in the original Response which has not been transferred to the CDs or photocopies will NOT be considered. The original document will be used solely for official record keeping and auditing purposes.

2.5 Evaluation of Responses

A. The City will determine the qualifications, interest and availability of Contractors by reviewing all Responses and, when deemed necessary in the sole discretion of the City, by conducting formal interviews of selected Contractors.

B. Before making an award, the City reserves the right to seek clarifications, revisions, and information it deems necessary for the proper evaluation of Responses. Failure to provide any requested clarifications, revisions or information may result in rejection of the Response.

C. The City reserves the right to accept or reject any and all Responses, or separable portions thereof, and to waive any minor irregularity, technicality, or omission if the City determines that doing so will serve the City's best interests. The City may reject any Response not submitted in the manner specified by the RFP.

2.6 Award of Contract

A. The process for contract award is set forth in Jacksonville Ordinance Code Sections 126.204. Generally, the City will award the Contract to the responsible and responsive proposer(s) whose Response is determined in writing to be the most advantageous to the City of Jacksonville, based solely on the relative importance assigned to price and of the criteria set forth in Attachment B. The award may be contingent on the outcome of direct negotiations under Section 126.201(d)(4) and 126.201(n), *Ordinance Code.*

B. The City may make an award within ninety (90) days after the date of the Responses are due, during which period the Responses shall remain firm and shall not be withdrawn. Any Response that expresses a shorter duration may, in the City's sole discretion, be accepted or rejected. If award is not made within ninety (90) days, the Response shall remain firm until either the Contract is awarded or the City receives from Contractor written notice that the Response is withdrawn. [Note: Withdrawal of a Response may be requested within 72 hours (excluding State holidays, Saturdays and Sundays) after the date and time Responses are due. The City will not accept an amended Response after the date and time Responses are due.]

C. Except as may otherwise be expressly set forth in the RFP, the City intends to award one or more contracts, and reserves the right to enter into a contract with multiple Contractors or to reject all Responses.

D. Based on the evaluation results, the City shall electronically post a notice of intended award at the City's website. Please contact the Contact Person if you are uncertain of the City's website address or if you experience problems accessing it. Any person who is adversely affected by the decision shall file with the City a notice of protest in accordance with the Protest provisions of the RFP. The City does not intend to provide tabulations or notices of award by telephone.

2.7 Terms of Agreement

After award to the successful Contractor, the City and Contractor will promptly enter into a written agreement (the "Contract") incorporating the terms of the RFP, the successful Response, and other terms and conditions as may be agreed to between the parties. To the extent the Response contains exceptions to or modifications of the RFP, such exceptions or modifications are stricken unless the City affirmatively accepts the exceptions or modifications in the Contract. The Contract will be substantially in the form set forth in an attachment to the RFP. The City will not be obligated to pay Contractor for the RFP services until the Contract is signed by both parties. The City retains the right to reject all bids and/or amend its notice of award at any time prior to the full execution of the Contract.

If the successful Contractor fails to perform the Services as agreed, the City reserves the right to (i) issue a new solicitation for the Services; (ii) reopen the RFP for the purpose of awarding a second contract to another Contractor in accordance with the criteria and processes set forth herein; and/or (iii) take such other actions permitted by law.

2.8 Public Meetings and Special Accommodations

Any meetings of the RFP evaluation committee (i.e., the Competitive Sealed Proposal Evaluation Committee), shall be noticed on the City's website and shall comply with Florida's Open Meetings Laws. Please contact the Contact Person if you are uncertain of the City's website address or if you experience problems accessing it. Persons requiring a special accommodation because of a disability should contact the Contact Person identified in Section 1 at least forty-eight (48) hours prior to the meeting.

2.9 Ex-Parte Communications

Communications regarding the RFP by a potential contractor, service provider, bidder, lobbyist or consultant to city employees, staff, or hired consultants are prohibited. This prohibition includes communications with the City's Office of General Counsel unless the Contact Person has authorized those communications in advance. Violations may result in the rejection/disqualification of a Response.

These prohibitions on ex-parte communications do not apply to the following:

- communications regarding the RFP to the Chief of the Procurement Division or the Contact Person, provided the communication is limited strictly to matters of process or procedure already contained in the RFP.
- communications with the city employee responsible for administering the Jacksonville Small Emerging Business Program, provided the communication is limited strictly to matters of programmatic process or procedures.
- communications at any pre-bid conferences.
- presentations before publicly noticed committee meetings.
- contract negotiations during any duly noticed public meeting.
- any duly noticed site visits to determine competency of bidders during the period between bid opening and issuance of the Chief of Procurement Division's written recommendation.
- communications that are necessary for, and solely related to, the ordinary course of business concerning the City's existing contract(s) for the materials or services addressed in the RFP.

The period for these prohibitions commences upon the advertisement of the RFP and terminates after the Chief of the Procurement Division issues a written recommendation to the corresponding awarding committee. If the awarding committee refers the Chief's recommendation back for further review, the prohibitions shall be reinstated until such time as the Chief issues a subsequent recommendation.

2.10 Cost of Developing RFP Response

All costs related to the preparation of Responses and any related activities are the sole responsibility of Contractor. The City assumes no liability for any costs incurred by Contractors throughout the entire selection process.

2.11 Response Ownership

All Responses, including attachments, supplementary materials, addenda, etc., shall become property of the City and shall not be returned to Contractor. The City will have the right to use any and all ideas or adaptation of ideas presented in any Response. Acceptance or rejection of a Response shall not affect this right.

2.12 Public Records Law; Process For Protecting Trade Secrets and Other Information

Article 1, Section 24, Florida Constitution, guarantees every person access to all public records, and Section 119.011, Florida Statutes, provides a broad definition of public records. As such, all responses to the RFP are public records unless exempt by law. If Contractor considers any portion of its Response to be exempt from disclosure under Florida law, Contractor must provide the City with a separate redacted copy of the Response and briefly describe in writing the grounds for claiming exemption from the public records law, including the specific statutory citation. Contractor shall be responsible for defending its determination that the redacted portions of its Response are confidential, trade secret or otherwise not subject to disclosure. Further, Contractor shall protect, defend, and indemnify the City for any and all claims arising from or relating to Contractor's determination that the redacted portions of its Response are confidential, trade secret or otherwise not subject to disclosure. If Contractor fails to submit a Redacted Copy with its Response in accordance with Section 2.4 above, the City is authorized to produce the entire Response in answer to a public records request.

2.13 Multiple Responses from Same Contractor; No Collusion

More than one Response from an individual, firm, partnership, corporation or association under the same or different names is not permitted. Reasonable grounds for believing that a Contractor is involved in more than one Response for the same work will be cause for rejection of all Responses in which such Contractor is believed to be involved. Any or all Responses will be rejected if there is reason to believe that collusion exists between Contractors. Responses in which the prices obviously are unbalanced will be grounds for rejection.

2.14 Conflict of Interest

Section 126.110 of the Jacksonville Ordinance Code requires that a public official who has a financial interest in a bid or contract make a disclosure at the time that the bid or contract is submitted or at the time that the public official acquires a financial interest in the bid or contract, including but not limited to the public official's name, public office or position held, bid or proposal number, and the position or relationship of the public official with the bidder or Contractor. The parties will follow the provisions of Section 126.110, Jacksonville *Ordinance Code*, with respect to required disclosures by public officials who have or acquire a financial interest in a bid or contract with the City, to the extent the parties are aware of the same. All Contractors must submit the Conflict of Interest Certificate attached to the RFP.

2.15 Convicted Vendor List

A person or affiliate placed on the State of Florida convicted vendor list pursuant to Section 287.133, Florida Statutes, following a conviction for a public entity crime may not do any of the following for a period of 36 months from the date of being placed on the convicted vendor list:

- Contractor currently has no delinquent obligations to the City of Jacksonville or any of its independent agencies.
- The Response is submitted in good faith and without any prior or future consultation or agreement with any other respondent or potential respondent;

[This certification applies to contracts of $1,000,000 or more. A list of the companies can be found as a link to "PFIA Quarterly Reports" at www.sbafla.com/fsb/]

Any protest concerning the RFP shall be made in accordance with the Procurement Protest Procedures established pursuant to Section 126.106(e) of the Jacksonville Ordinance Code. A full copy of the procedures is available on the City's website and can also be obtained by contacting the City's Contact Person. 3.1 Provision of Services

Contractor shall provide the City with all of the services and deliverables described in the RFP, the Response and the resulting Contract (collectively, the "Services"). If any services, functions or responsibilities are not specifically described in the RFP, the Response or the resulting Contract but are necessary for the proper performance and provision of the Services, they shall be deemed to be implied by and included within the scope of the Services to the same extent and in the same manner as if specifically described herein.

3.2 Relationship of the Parties

In performance of the Services, Contractor shall be acting in the capacity of an independent contractor and not as an agent, employee, partner, joint venture or associate of the City. Contractor shall be solely responsible for the labor, supplies, materials, means, methods, techniques, sequences and procedures utilized to perform the Services in accordance with the Contract.

3.3 City's Right to Make Changes

The City may unilaterally require, by written order, changes altering, adding to, or deducting from the Services ("Changes"), provided that such Changes are within the general scope of the Contract. The City will make an equitable adjustment in the Contract price or delivery date if the Change materially affects the cost or time of performance. Such equitable adjustments require the written consent of Contractor, which shall not be unreasonably withheld. The Parties will cooperate with each other in good faith in discussing the scope and nature of the Change, the availability of Contractor personnel, the expertise and resources to provide such Change, and the time period in which such Change will be implemented.

3.4 Service Warranties

Contractor warrants that the Services shall be performed and delivered in a professional, first-class manner in accordance with the Contract and the standards prevailing in the industry. Contractor shall also undertake the following actions without additional consideration during the term of the Contract and for one year thereafter: (i) promptly making necessary revisions or corrections to resolve any errors and omissions on the part of Contractor; and (ii) conferring with the City for the purpose of interpreting any of the Services or information furnished. Acceptance of the Services by the City shall not relieve Contractor of these responsibilities. The warranties and covenants in this paragraph will extend to all subcontractors as well.

The foregoing warranties and covenants shall not apply (i) with respect to any portions of the Service that have been produced by anyone other than Contractor or its subcontractors; (ii) to any modifications made by anyone other than Contractor or its subcontractors or without Contractor's specific prior written consent; or (iii) to any use of the Service in a manner or for any purpose other than those contemplated in the Contract. **EXCEPT AS EXPRESSLY STATED IN THE CONTRACT, THERE ARE NO WARRANTIES, EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION ANY IMPLIED WARRANTIES REGARDING MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. CONTRACTOR'S WARRANTIES EXTEND SOLELY TO CITY.**

3.5 City Will Assist Contractor

At Contractor's request, the City will provide reasonable assistance and cooperation to Contractor, including the supply of any data and information necessary for Contractor to provide the Services. The City will also designate a Contract Manager who will, on behalf of the City, work with Contractor and administer the Contract in accordance with its terms.

3.6 Location Requirements for Services

Unless otherwise stated in the RFP or the Response, the majority of the Services shall be performed within Duval County, Florida and no Services will be performed outside of the United States. These restrictions may be modified in writing if the City determines, in its sole discretion, that the restrictions impose an undue burden on Contractor's ability to perform the Services as contemplated in the Contract.

3.7 Use of Subcontractors; Flow-Down Provisions

Except to the extent the use of subcontractors is disclosed in the Response or consented to in writing by the City, Contractor shall not be allowed to subcontract or assign any of its duties and obligations hereunder. In all cases, Contractor will be responsible for the acts or omissions of its subcontractors. Contractor will ensure that all relevant contractual obligations will flow down to the subcontractors and will be incorporated into the

subcontracts (including the obligations relating to insurance, indemnification, delays, intellectual property rights, public records, non-discrimination, audits, security, location of services, termination, transition assistance, warranties, and the manner in which the Services are to be performed).

3.8 Meetings and Reports

Contractor must attend all meetings and public hearings relative to the Services where its presence is determined to be necessary and requested by the City and Contractor can reasonably schedule its appearance. Unless otherwise agreed, Contractor shall provide a monthly report summarizing Contractor's performance. Contractor shall provide other periodic reports respecting the Services as the City reasonably requests.

3.9 Ownership of Works

(a) As used in Sections 3.9 and 3.10, the term "Work" shall mean each deliverable, drawing, design, specification, rendering, notebook, tracing, photograph, reference book, equipment, expendable equipment and material, negative, report, finding, recommendation, data and memorandum of every description, shared with or delivered to the City pursuant to the Contract.

(b) With the exception of Contractor's pre-existing intellectual capital and third-party intellectual capital as described in Section 3.10 below, the City shall own all right, title and interest, including ownership of copyright (limited to the extent permitted by the terms of any governing licenses), in and to each Work including, but not limited to, software, source code, reports, deliverable, or work product developed by Contractor specifically for the City in connection with the Contract, and derivative works relating to the foregoing. The use of these Works in any manner by the City shall not support any claim by Contractor for additional compensation.

(c) Each Work, and any portion thereof, shall be a "work made for hire" for the City pursuant to federal copyright laws. Any software, report, deliverable, or work product as used in connection with the Work, but previously developed by Contractor specifically for other customers of Contractor or for the purpose of providing substantially similar services to other Contractor customers, generally shall not be considered "work made for hire", so long as the foregoing are not first conceived or reduced to practice as part of the Work. To the extent any of the Works are not deemed works made for hire by operation of law, Contractor hereby irrevocably assigns, transfers, and conveys to the City, or its designee, without further consideration all of its right, title and interest in such Work, including all rights of patent, copyright, trade secret, trademark or other proprietary rights in such materials. Except as provided in the foregoing sentences, Contractor acknowledges that the City shall have the right to obtain and hold in its own name any intellectual property right in and to the Work. Contractor agrees to execute any documents or take any other actions as may reasonably be necessary, or as the City may reasonably request, to perfect or evidence the City's ownership of the Work.

3.10 Intellectual Property

(a) Contractor grants to the City an irrevocable, perpetual, royalty free and fully paid-up right to use (and such right includes, without limitation, a right to copy, modify and create derivative works from the subject matter of the grant and the right to sublicense all, or any portion of, the foregoing rights to an affiliate or a third party who provides service to the City) Contractor's intellectual property (including, without limitation, all trade secrets, patents, copyright and know-how) that is contained or embedded in, required for the use of, that was used in the production of or is required for the reproduction, modification, maintenance, servicing, improvement or continued operation of any applicable unit of Work.

(b) If the Work contains, has embedded in, or requires for the use of, any third party intellectual property, or if the third party intellectual property is required for the reproduction, modification, maintenance, servicing, improvement or continued operation of the Work, Contractor shall secure for the City an irrevocable, perpetual, royalty free and fully paid-up right to use all third party intellectual property. To the extent any software is developed, modified, or otherwise procured under the Contract, Contractor will use commercially-accepted software development and documentation processes and standards.

3.12 Limitation of Warranty for the City-Furnished Software

In lieu of any other warranty expressed or implied herein, the City warrants that any programming aids and software packages supplied for Contractor use as the City-furnished property shall be suitable for their intended use on the system(s) for which designed. In the case of programming aids and software packages acquired by the City from a commercial source, such warranty is limited to that set forth in the contractual document covering the product(s). Should the City furnish Contractor with any programming aids or software packages that are found not to be suitable for their intended use on the system(s) for which designed, Contractor shall notify the City and supply documentation regarding any defects and their effect on progress on the Contract. The City will consider equitably adjusting the delivery performance dates or compensation, or both, and any other contractual provision affected by the City-furnished property in accordance with the procedures provided for in Section 3.3 above ("City's Right to Make Changes").

3.13 Loss of Data

If any City data or record is lost or corrupted due to the negligence of Contractor or any of its subcontractors or agents, Contractor shall be responsible for correcting and recreating all production, test, acceptance and training files or databases affected which are used in the provision of services, at no additional cost to the Customer in the manner and on the schedule set by the City. This remedy shall be in addition to any other remedy the City may be entitled to by law or the Contract.

All purchase orders shall bear the Contract or solicitation number, shall be placed by the City directly with Contractor, and shall be deemed to incorporate by reference the Contract. Any discrepancy between the Contract terms and the terms stated on the Contractor's order form, confirmation, or acknowledgement shall be resolved in favor of terms most favorable to the City.

3.15 Best Pricing for Comparable Services to Other Government Entities

Compensation for the Services shall be as set forth in the Contract. During the Contract term, if Contractor offers better pricing to other government entities for substantially the same or a smaller quantity of Services upon the same or similar terms of the Contract ("Better Pricing"), then the price under the Contract shall be immediately reduced to the better price. The City may require Contractor to certify on an annual basis that Better Pricing (as defined above) does not exist.

(a) Unless otherwise specified in the RFP, payment to Contractor for Services shall be made on a monthly basis for the Services provided by Contractor for the preceding month. Invoices shall contain the Contract number, purchase order number if applicable, and the appropriate vendor identification number. The City may require any other information from Contractor that the City deems necessary to verify its obligation to pay under the Contract. Payments will be made to Contractor approximately forty-five (45) days after receipt and acceptance of a proper invoice. The City does not pay service charges, interest or late fees unless required by law.

(b) The City's obligations to make payment are contingent upon availability of lawfully appropriated funds for the Services.

3.17. Taxes

The City is generally exempt from any taxes imposed by the State of Florida or the Federal Government. Exemption certificates will be provided upon request. Contractor shall not include any state, local and federal taxes in any prices quoted to the City.

3.18. Right of Setoff

3.19 Retention of Records / Audits.

(a) Contractor must establish and maintain books, records, contracts, sub-contracts, papers, financial records, supporting documents, statistical records and all other documents pertaining to the Contract (collectively, the "Records"), in whatsoever form or format (including electronic storage media) is reasonable, safe and sufficient.

(b) Contractor must retain all Records for a minimum period of three (3) years after the final payment is made under the Contract. If an audit has been initiated and audit findings have not been resolved at the end of the three (3) year period, the Records shall be retained until resolution of the audit findings or any litigation which may be based on the terms of the Contract, at no additional cost to the City. Records shall be retained for longer periods when the retention period exceeds the time frames required by law or ordinance.

(c) At all reasonable times for as long as the Records are maintained, Contractor must allow persons duly authorized by the City (including the City's auditor and inspector general offices), and to have full access to and the right to examine, copy or audit any of the Records, regardless of the form in which kept. Contractor will not charge the City for any setup, supervision or space in connection with the examination and audit. Photocopying charges will not exceed the actual and reasonable cost of the copies to Contractor, and the City shall be permitted to bring its photocopying equipment if the City so desires.

(d) Contractor must comply with and cooperate in any audits or reports requested by the City, and must ensure that all related party transactions are disclosed to the auditor.

(e) Contractor must permit the City to interview any of Contractor's employees, subcontractors and subcontractor employees to assure the City of the satisfactory performance of the terms and conditions of the Contract. Unless the parties agree otherwise or the City is willing to pay for the employee's reasonable travel expenses, the interviews will be conducted at the employee's primary place of work. Contractor will not charge the City for any employee time unless the interview time for that employee exceeds eight (8) hours in a calendar year.

(f) Following any audit or review, if performance of Contractor is, in the opinion of the City, deficient, the City will deliver to Contractor a written report of the deficiencies and request for development by Contractor of a corrective action plan. Contractor hereby agrees to prepare and submit, to the City, said corrective plan within ten (10) days of receiving the City's written report. Thereafter, Contractor must correct all deficiencies in the corrective action plan within a reasonable time after the City's receipt of the corrective action plan.

(g) All reports and other information provided by Contractor pursuant to this Section shall be submitted under penalties of perjury, under Section 837.06, Florida Statutes.

(h) Contractor must include the aforementioned audit, inspection, investigation and record-keeping requirements in all subcontracts and Contract assignments.

(i) Contractor agrees to reimburse the City for the reasonable costs of investigation incurred by the City for audits, inspections and investigations that uncover a material violation of the Contract. Such costs shall include the salaries of investigators, including overtime, travel and lodging expenses, and expert witness and documentary fees. Contractor shall not be responsible for any costs of investigations that do not uncover a material violation of the Contract.

3.20 Indemnification

Contractor and its subcontractors (individually or collectively referred to as the "Indemnifying Parties"), shall hold harmless, indemnify, and defend the City and the City's officers, directors, employees, representatives and agents (individually or collectively referred to as the "Indemnified Parties") from and against:

(a) General Tort Liability, including without limitation any and all claims, actions, losses, damages, injuries, liabilities, costs and expenses of whatsoever kind or nature (including, but not by way of limitation, attorney's fees and court costs) arising out of injury (whether mental or corporeal) to persons (including death) or damage to property, arising out of or incidental to the Indemnifying Parties' performance of the Contract or work performed hereunder; and

(b) Environmental Liability, including without limitation, any and all claims, suits, demands, judgments, losses, costs, fines, penalties, damages, liabilities and expenses (including all costs of cleanup, containment or other remediation, and all costs for investigation and defense thereof including, but not limited to, court costs, reasonable expert witness fees and attorney's fees), arising from or in connection with (a) the Indemnifying Parties' actions or activities under the Contract that result in a violation of any environmental law, ordinance, rule or regulation or that leads to an environmental claim or citation or to damages due to the Indemnifying Parties' activities, (b) any environmental, health and safety liabilities arising out of or relating to the operation or other activities performed in connection with the Contract by the Indemnifying Parties at any time on or prior to the effective date of the Contract, or (c) any bodily injury (including illness, disability and death, regardless of when any such bodily injury occurred, was incurred or manifested itself), personal injury, property damage (including trespass, nuisance, wrongful eviction and deprivation of the use of real property) or other damage of or to any person in any way arising from or allegedly arising from any hazardous activity conducted by the Indemnifying Parties. The City will be entitled to control any remedial action and any legal proceeding relating to an environmental claim; and

(c) Intellectual Property Liability, including without limitation any and all claims, suits, demands, judgments, losses, costs, fines, penalties, damages, liabilities and expenses (including all costs for investigation and defense thereof including, but not limited to, court costs, reasonable expert witness fees and attorney's fees), arising directly or indirectly out of any allegation that the Services, any product generated by the Services, or any part of the Services, constitutes an infringement of any copyright, patent, trade secret or any other intellectual property right and will pay all costs (including, but not limited to attorney's fees and court costs), damages, charges and expenses charged to the Indemnified Parties by reason thereof. If in any suit or proceeding, the Services, or any product generated by the Services, is held to constitute an infringement and its use is permanently enjoined, the Indemnifying Parties shall, immediately, make every reasonable effort to secure for the Indemnified Parties a license, authorizing the continued use of the Service or product. If the Indemnifying Parties fail to secure such a license for the Indemnified Parties, then the Indemnifying Parties shall replace the Service or product with a non-infringing Service or product or modify such Service or product in a way satisfactory to the City, so that the Service or product is non-infringing; and

(d) Violation of Laws Liability, including without limitation, any and all claims, suits, demands, judgments, losses, costs, fines, penalties, damages, liabilities and expenses (including all costs for investigation and defense thereof including, but not limited to, court costs, reasonable expert witness fees and attorney's fees) arising from or based upon the violation of any federal, state, or municipal laws, statutes, resolutions, rules or regulations, by the Indemnifying Parties or those under their control; and

(e) Liability from Breach of Representations, Warranties and Obligations, including without limitation, any and all claims, suits, demands, judgments, losses, costs, fines, penalties, damages, liabilities and expenses (including all costs for investigation and defense thereof including, but not limited to, court costs, reasonable expert witness fees and attorney's fees) which may be incurred by, charged to or recovered from any of the foregoing, arising directly or indirectly out of (a) any breach of any representation or warranty made by the Indemnifying Parties in connection with the Contract or in any certificate, document, writing or other instrument delivered by the Indemnifying Party, or (b) any breach of any covenant or obligation of the Indemnifying Parties set forth in the Contract or any other certificate, document, writing or other instrument delivered by the Indemnifying Parties pursuant to the Contract.

The indemnifications in this Section 3.20 are separate and apart from, and are in no way limited by, any insurance provided pursuant to the Contract or otherwise. This Section 3.20 shall survive the expiration or termination of the Contract.

To the extent an Indemnified Party exercises its rights under this Section 3.20, the Indemnified Party will (1) provide reasonable notice to Contractor of the applicable claim or liability, and (2) allow Contractor to

participate in the litigation of such claim or liability (at Contractor's expense) to protect its interests. Each Party will cooperate in the investigation, defense and settlement of claims and liabilities that are subject to indemnification hereunder, and each Party will obtain the prior written approval of the other Party before entering into any settlement of such claim or liability, which consent shall not be unreasonably withheld, delayed or conditioned.

Neither approval of, nor failure to disapprove, insurance furnished by the CONSULTANT shall relieve the CONSULTANT or its sub-contractors or sub-subcontractors from responsibility to provide insurance as required

3.22 City's Right to Suspend Work

the City may in its sole discretion suspend any or all activities under the Contract by providing a written notice to Contractor at least five (5) days in advance that outlines the particulars of suspension. Within ninety (90) days of providing such notice, or within any longer period agreed to by Contractor, the City shall either (1) authorize the resumption of work, at which time activity shall resume, or (2) terminate the Contract in accordance with the applicable termination provisions. Suspension of work shall not entitle Contractor to any additional compensation. The parties will reasonably amend any schedules relating to performance of the Services to reflect the suspension of work hereunder. Contractor shall not be entitled to receive compensation for any work it performs after being excused from providing it hereunder.

3.23 City's Right to Terminate for Convenience

The City reserves the right to terminate the Contract at any time and for any reason by giving written notice to Contractor. If the Contract is terminated for convenience as provided herein, the City will be relieved of all further obligations other than payment for that amount of Services actually performed to the date of termination. Access to any and all work papers will be provided to the District after the termination of the Contract. The parties understand and agree that Contractor shall not have a reciprocal right to terminate the Contract for convenience; it being understood that the City's payment for Services forms the consideration for Contractor not having this right. In the event of the City's termination of the Contract, the City (in its sole discretion) may also require Contractor to provide the Transition Services as set forth in Section 3.26 below.

3.24 City's Remedies Upon Contractor Default

Any one or more of the following events, if not cured within ten (10) calendar days after Contractor's receipt of written notice thereof, shall constitute an "Event of Default" on the part of Contractor: (1) Contractor fails to perform the Services within the time specified in the Contract or any extension, (2) Contractor fails to maintain adequate progress, thus endangering performance of the Contract, (3) Contractor fails to honor any other material term of the Contract, or (4) Contractor fails to abide by any statutory, regulatory, or licensing requirement. The City may extend the 10-day cure period in its discretion.

In addition, the following shall constitute an immediate Event of Default with no right cure: (i) Contractor is found to have made a false representation or certification in its Response, or (ii) Contractor has been placed on the list maintained under Section 287.135, Florida Statutes, of companies with activities in Sudan or in Iran Petroleum Energy Sector.

Upon an "Event of Default" on the part of Contractor, the City will be entitled to terminate the Contract and pursue such other remedies available at law or equity, including the recovery of any re-procurement costs and delay damages. The rights and remedies available to the City under the Contract are distinct, separate and cumulative remedies, and no one of them, whether or not exercised by a party, shall be deemed to be in exclusion of any other.

If, after termination, it is determined that Contractor was not in default, or that the default was excusable, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience.

3.25 Contractor Remedies Upon the City Default

The City shall be in default if the City fails to honor any material term of the Contract, and such failure is not cured within forty-five (45) calendar days after receipt of written notice thereof from Contractor. In the event of the City's default, Contractor will be entitled to terminate the Contract and pursue such other remedies available at law or equity as it deems appropriate. **Except as expressly provided elsewhere in the Contract, Contractor will not be entitled to recover any lost profits or consequential damages.** The rights and remedies available to

Contractor under the Contract are distinct, separate and cumulative remedies, and no one of them shall be deemed to be in exclusion of any other.

3.26 Transition Services

At any time prior to the date the Contract expires or terminates for any reason (the "Termination Date"), the City may request Contractor to provide reasonable transition assistance services ("Transition Assistance"). Contractor shall provide such Transition Assistance until such time as the City notifies Contractor that the City no longer requires such Transition Assistance, but in no event for more than 180 days following the Termination Date.

Transition Assistance shall mean any services, functions or responsibilities that are ordinarily or customarily provided to a purchaser to ensure that the services provided to that purchaser by a contractor are fully transitioned in a smooth and efficient manner to a new service provider (either the City itself or a third party contractor). Transition Assistance includes the development and implementation of a detailed transition plan. To the extent that Transition Assistance will involve third parties hired by the City, those third parties shall cooperate with Contractor in its provision of Transition Assistance and sign any reasonable non-disclosure agreements required by Contractor.

Transition Assistance rendered before the Termination Date shall be provided at no additional cost to the City. Transition Assistance rendered after the Termination Date shall be provided at the rates negotiated by the parties prior to the rendering of such service, which rates shall not exceed the standard market rates that Contractor charges to government entities for comparable services; provided however, that if the City terminates the Contract because of a breach by Contractor, then (i) the Transition Assistance shall be provided at no cost to the City, and (ii) the City will be entitled to any other remedies available to it under law. Contractor may withhold Transition Assistance after the Termination Date if the City does not provide reasonable assurance that the charges for such Transition Assistance will be paid to Contractor in accordance with the invoicing and payment provisions of the Contract.

3.27 Force Majeure, Notice of Delay, and No Damages for Delay

Neither party shall be responsible for delays in performance if the delay was beyond that party's control (or the control of its employees, subcontractors or agents). Contractor shall notify the City in writing of any such delay or potential delay and describe the cause of the delay either (1) within ten (10) calendar days after the cause that creates or will create the delay first arose, if Contractor could reasonably foresee that a delay could occur as a result, or (2) if delay is not reasonably foreseeable, within five (5) calendar days after the date Contractor first had reason to believe that a delay could result. Based upon such notice, the City will give Contractor a reasonable extension of time to perform; provided, however, that the City may elect to terminate the Contract in whole or in part if the City determines, in its sole judgment, that such a delay will significantly impair the value of the Contract to the City. Providing notice in strict accordance with this paragraph is a condition precedent to such remedy. **THE FOREGOING SHALL CONSTITUTE CONTRACTOR'S SOLE REMEDY OR EXCUSE WITH RESPECT TO DELAY.** No claim for damages, other than for an extension of time, shall be asserted against the City. Contractor shall not be entitled to an increase in the Contract price or payment of any kind from the City for direct, indirect, consequential, impact or other costs, expenses or damages, including but not limited to costs of acceleration or inefficiency arising because of delay, disruption, interference, or hindrance from any cause whatsoever.

3.28 No Waiver

The delay or failure by a party to exercise or enforce any of its rights under the Contract shall not constitute or be deemed a waiver of that party's right thereafter to enforce those rights, nor shall any single or partial exercise of any such right preclude any other or further exercise thereof or the exercise of any other right. Unless otherwise agreed in writing, the City's payment for the Services shall not release Contractor of its obligations under the Contract and shall not be deemed a waiver of the City's right to insist upon strict performance hereof.

3.29 Qualification of Contractor Employees, Subcontractors, and Agents

All Contractor employees, subcontractors and agents performing work under the Contract shall be properly trained and qualified. Upon request, Contractor shall furnish a copy of technical certification or other proof of qualification. All employees, subcontractors and agents performing work under the Contract must comply with all reasonable administrative requirements of the City and with all controlling laws and regulations relevant to the services they are providing under the Contract. The City may conduct, and Contractor shall cooperate in, a

security background check or other assessment of any employee, subcontractor or agent furnished by Contractor. The City may refuse access to, or require replacement of, any personnel for reasonable cause.

Contractor shall take all actions necessary to ensure that Contractor's employees, subcontractors and agents are not considered employees of the City. Such actions include, but are not limited to, ensuring that Contractor's employees, subcontractors and agents receive payment and any legally mandated insurance (e.g., workers' compensation and unemployment compensation) from an employer other than the City.

As a condition to providing services to the City, Contractor (and any subcontractor) will enroll and participate in the federal E-Verify Program within 30 days of the effective date of the Contract. Proof of enrollment and participation will be made available to the City upon request.

3.30 Security Procedures

Contractor and its employees, subcontractors and agents shall comply fully with all generally applicable security procedures of the United States, the State of Florida and the City in performance of the Contract. The City agrees that any security procedures imposed by the City specifically for the Contract will be reasonable and will not impose any unreasonable costs or hardships.

3.31 Restrictions on the Use or Disclosure of City's Information

Contractor shall not use, copy or disclose to third parties, except in connection with performing the Services, any information obtained by Contractor or its agents, subcontractors or employees in the course of performing the Services, including, but not limited to, security procedures, business operations information, or commercial proprietary information in the possession of the City. At the City's request, all information furnished by the City will be returned to the City upon completion of the Services. Contractor shall not be required to keep confidential any information that has already been made publicly available through no fault of Contractor or that Contractor developed independently without relying on the City's information. To ensure confidentiality, Contractor shall take appropriate steps as to its employees, agents, and subcontractors, including the insertion of these restrictions in any subcontract agreement. The warranties of this paragraph shall survive the Contract.

3.32 Protection of Contractor's Trade Secrets and Other Confidential Information

All documents received by the City in connection with this Agreement are subject to Chapter 119, Florida Statutes (the "Florida Public Records Law"). Any specific information that Contractor claims to be a trade secret or otherwise exempt from the Florida Public Records Law must be clearly identified as such by Contractor on all copies furnished to the City. The City agrees to notify Contractor of any third-party request to view such information, but it is Contractor's obligation to obtain a court order enjoining disclosure. If Contractor fails to obtain a court order enjoining disclosure within five (5) business days of Contractor's receiving notice of the request, the City may release the requested information. Such release shall be deemed for purposes of the Contract to be made with Contractor's consent and will not be deemed to be a violation of law, including but not limited to laws concerning trade secrets, copy right or other intellectual property.

3.33 Assignment

Each party binds itself and its respective successors and assigns in all respects to all of the terms, conditions, covenants and provisions of the Contract. Contractor shall not sell, assign or transfer any of its rights (including rights to payment), duties or obligations under the Contract without the prior written consent of the City. In the event of any assignment, Contractor shall remain liable for performance of the Contract unless the City expressly waives such liability. The City may assign the Contract with prior written notice to Contractor of its intent to do so. Nothing herein shall be construed as creating any personal liability on the part of any officer, employee or agent of the City.

3.34 Notice and Approval of Changes in Ownership

Because the award of the Contract may have been predicated upon Contractor's ownership structure, Contractor agrees that any transfer of a substantial interest in Contractor by any of its owners shall require the City's prior written approval, which approval shall not be unreasonably withheld or unreasonably delayed. By execution of the Contract, Contractor represents that it has no knowledge of any intent to transfer a substantial interest in Contractor. A substantial interest shall mean at least 25% of the voting shares in Contractor. This section shall not apply to (i) transfers occurring upon the incapacitation or death of an owner; (ii) transfers associated with an

initial public offering on the NYSE or NASDAQ markets; or (iii) transfers to a company whose stock is publicly traded on the NYSE or NASDAQ markets.

3.35 Assignment of Antitrust Claims

Contractor and the City recognize that in actual economic practice, overcharges resulting from antitrust violations are in fact usually borne by the City. Therefore, Contractor hereby assigns to the City any and all claims under the antitrust laws of Florida or the United States for overcharges of goods, materials or services purchased in connection with the Contract.

3.36 Equal Employment Opportunity

The Equal Opportunity clause in Title 41, Part 60-1.4 of the Code of Federal Regulations (Paragraphs 1 through 7 of President's Executive Order 11246), the provisions of the Equal Opportunity for Individuals with Disabilities Act in 42 U.S.C. Section 12112, the Listing of Employment Openings for Veterans Clause in Title 41, Part 50-260.2 of the Code of Federal Regulations and the Disabled Veterans and Veterans of the Vietnam era Clause in Title 41, Part 60-250.5 of the Code of Federal Regulations, are incorporated herein by reference if and to the extent applicable. If Contractor is exempt from any of the above cited terms, written evidence of such exempt status must be provided to the City.

3.37 Other Non-Discrimination Provisions

As required by Section 126.404, Jacksonville Ordinance Code, Contractor represents that it has adopted and will maintain a policy of non-discrimination against employees or applicants for employment on account of race, religion, sex, color, national origin, age or handicap, in all areas of employment relations, throughout the term of the Contract. Contractor agrees that, on written request, it will permit reasonable access to its records of employment, employment advertisement, application forms and other pertinent data and records, by the Executive Director of the Community Relations Commission, or successor agency or commission, for the purpose of investigation to ascertain compliance with the non-discrimination provisions of the Contract; *provided however*, that Contractor shall not be required to produce, for inspection, records covering periods of time more than one (1) year prior to the effective date of the Contract. Contractor agrees that, if any of the products or Services to be provided pursuant to the Contract are to be provided by a subcontractor, the provisions of this Section shall be incorporated into and become a part of the subcontract.

3.38 Prompt Payment to Subcontractors and Suppliers

The following is required by Chapter 126, Part 6, Jacksonville Ordinance Code; provided however, if Contractor does not use JSEB subcontractors, as identified below, this Section 3.38 shall not apply:

(a) *Generally*.
