Change Order 02 Backup

MAYPORT DOCKS REDEVELOPMENT CO # 02

Item # 01

NBR	MASTER ITEM DESCRIPTION	QUANTITY	UOM	UNIT COST	NET DELETION	NET ADDITION

NOTE* This Change order represents escalated costs for the CIP dock structure, electrical, civil and plumbing scopes included in the current scope of services for this project. This is the final escalation cost submittal from contractor. The adjusted totals for this escalation are based on the Engineer's Estimate. This total has been reviewed and accepted by the contractor.

Escalated costs

1	**Price escalation- Reinforcing Steel Superstructure, Substructure & Approach slab**	1	LS	$49,700.00		$49,700.00

JUSTIFICATION: Price Escalation. Time period between receipt of bid and NTP exceeded 120 days. Contractor advised of price escalation due to an industry wide increase in material costs. Contractors escalated costs were reviewed against the FDOT state wide averages for the pay items numbers associated with the escalated costs. Contractors price of $49,700.00 is acceptable as it is lower than the Engineers Estimate of $81,631.96

2	**Price escalation- Concrete Class IV, Deck**	1	LS	$44,979.30		$44,979.30

JUSTIFICATION: Price Escalation. Time period between receipt of bid and NTP exceeded 120 days. Contractor advised of price escalation due to an industry wide increase in material costs. Contractors escalated costs were reviewed against the FDOT state wide averages for the pay items numbers associated with the escalated costs. Contractors price of $44,979.30 is acceptable as it is lower than the Engineers Estimate of $379,517.40

3	**Price escalation- Concrete Class IV, Approach Slab**	1	LS	$1,321.74		$1,321.74

JUSTIFICATION: Price Escalation. Time period between receipt of bid and NTP exceeded 120 days. Contractor advised of price escalation due to an industry wide increase in material costs. Contractors escalated costs were reviewed against the FDOT state wide averages for the pay items numbers associated with the escalated costs.. Contractors price of $1321.74 is acceptable as it is lower than the Engineers Estimate of $3,066.93

4	**Price escalation- Concrete Class IV, Substructure**	1	LS	$15,127.42		$15,127.42

JUSTIFICATION: Price Escalation. Time period between receipt of bid and NTP exceeded 120 days. Contractor advised of price escalation due to an industry wide increase in material costs. Contractors escalated costs were reviewed against the FDOT state wide averages for the pay items numbers associated with the escalated costs.. Contractors price of $15,127.42 is acceptable as it is lower than the Engineers Estimate of $148,916.11

5	**Price escalation- Concrete Class IV, Mass, Substructure**	1	LS	$18,880.84		$18,880.84

JUSTIFICATION: Price Escalation. Time period between receipt of bid and NTP exceeded 120 days. Contractor advised of price escalation due to an industry wide increase in material costs. Contractors escalated costs were reviewed against the FDOT state wide averages for the pay items numbers associated with the escalated costs.. Contractors price of $18,880.84 is acceptable as it is lower than the Engineers Estimate of $52,797.96

6	**Fixed Dock Plumbing**	1	LS	$4 958.37		$4,958.37

JUSTIFICATION: Price Escalation. Time period between receipt of bid and NTP exceeded 120 days. Contractor advised of price escalation due to an industry wide increase in material costs. Contractors escalated costs were reviewed against the FDOT state wide averages for the pay items numbers associated with the escalated costs. Contractors price of $5 750.00 is not acceptable as it is higher than the Engineers Estimate of $4,958.37

7	**Fixed Dock Electrical**	1	LS	$32,361.31		$32,361.31

MAYPORT DOCKS REDEVELOPMENT CO # 02 Item # 01

NBR	MASTER ITEM DESCRIPTION	QUANTITY	UOM	UNIT COST	NET DELETION	NET ADDITION

Item # 02

9	**Overrun for Prestressed Concrete Piles**	1	LS	$105,184.79		$105,184.79

JUSTIFICATION: Quantity Overrun. Item 16 Reinforced Concrete Piles. The quantities given in the contract documents used for bid were based on the recommendations provided by the EOR in the Geotechnical Report. The Geotechnical Report recommended that test piles be 15ft longer than the anticipated production pile length.
The final length for production piles was determined in the field in accordance with FDOT Specification 455-5.15. FDOT Specification 455-11 gives the methodology that determines the final quantity of piling to be paid for as placed/driven to meet the plan bearing requirements. Pile lenghts longer than anticipated and additional payable set checks were required to meet the plan foundation requirements. The additional 565LF of 24" pile @ $186.20 per LF equates to $105,184.79. Contractor is aware of quantity adjustment and has not requested any additional markup.

Contractor Markup capped at 15% (General Condition 20.34.2.2 for (items 1-8 only) $27,217.63

QUOTATION

Item #1+2

ESTIMATE # E0106212	DATE: January 6, 2021

TO: Our Valued Customer

PROJECT: Mayport Docks Redevelopment
LOCATION: 4638 Ocean Street, Mayport, FL
BID DATE: ASAP
DRWG: Coversheet, G-1, S-1-S-34, FDOT-STD-Index, 415-001 Sheet 1 (4/2020)
ADDENDUMS: None

Wilkinson Steel Supply, LLC proposes to furnish the necessary fabricated ASTM A615 Grade 60 plain reinforcing steel, cut, bent, bundled and tagged with necessary placing plans, in accordance with plans and specifications listed above and the CRSI Manual of Standard Practice. If delivered to the jobsite, it will be at the closest accessible point, unloading done by others.

① ②

Approximately 101.4 tons for a lump sum price of $106,700.00 plus tax. Add $150.00 per delivery.

Exclusions:

1) Smooth round dowels.
2) Unless specifically stated, rebar for site work or precast.
3) Supports for bars or wire mesh on grade.
4) All piling.
5) All weldable reinforcing.
6) Wire mesh – but we can price at the time of purchase.

Current lead times for most jobs are 3-4 days for approval drawings and 7-10 days for fabrication after approval. Smaller jobs can be expedited.
PRICES ARE GOOD FOR ORDERS RECEIVED IN 15 DAYS & DELIVERED PRIOR TO 45 DAYS FROM DATE OF QUOTE.
IF MATERIALS NOT ACCEPTED WITHIN 2 WEEKS OF AGREED UPON DATE, IT WILL BE BILLED STORED IN YARD.

Payment terms with approved credit are: 1% 10 days, Net 30 days; 1 ½% monthly finance charge on invoices unpaid after thirty days. Jobs over 150 tons require special payment terms. Prices do not include sales tax. Wilkinson Steel Supply is registered for sales tax in FL and GA. Customer is responsible for sales tax in other states.

Kevin,

Below are the revised amounts due to the material price increases from the original bid submitted in 8/2021 as well as 4/2022. As for the electrical highlighted below, this is an estimate based on your discussion with Robert so will need to be provided with the details on this for an accurate number. New amount based on estimated electrical will be $455,676.00 to include the 15% contractor mark up.

Wanted to get this over to you so please advise if need me to send you an updated estimate as well.

Let me know if anything else is needed.

	Scope of Work	Original Bid-8/17/2021	New amount due to material cost	Difference	Revised amount due to material cost increase 11/7/22	Difference from original
#7	Timber Curbs	$ 107,450.00			$ 107,450.00	$ -
#8	Fixed Docking	$ 44,000.00			$ 49,000.00	$ (5,000.00)
#9	Electrical	$ 98,000.00			145,575.00	$ (47,575.00)
#10	Civil-Underground	$ 84,000.00			$ 99,790.00	$ (15,790.00)
	Totals	$ 333,450.00		$	$ 401,815.00	$ 68,365.00
	15% Contractor Markup					15% 10,254.75
	Grand total	$ 333,450.00				$ 78,619.75

Thanks.

B. **BASIS OF AWARD**

The project may be awarded to the lowest responsive, responsible Bidder contingent on the availability of funds within the project's approved budget. The Total Base Bid plus selected Alternate(s), if any, will be used to determine the lowest bidder. If selected, Alternate(s) will be awarded in the order listed (i.e. - 1,2,3...). The CITY has the right to reject any or all bids.

C. **REVISIONS OF BID PROPOSAL FORM**

Request for revision of the Bid Proposal Form must be made to the ENGINEER at least ten (10) days prior to date of opening of Bids. Revision of the Bid Proposal by the Bidder will void the Bid.

D. **CONTRACT EXPIRATION DATE**

The Contract expiration date shall be established as follows:

The notice to proceed date plus ten (10) calendar days for mobilization, plus the construction time established in the Proposal, plus time extensions pursuant to valid change orders (which shall establish the construction completion date), plus 120 days to assure a contract exists beyond the scheduled construction completion date in order to comply with Executive Order Number 2013-05.

E. **BID CHANGES**

No changes in the amount of Bids appearing on the outside of Bids will be considered. Only the amounts shown on bidding documents inside the envelope will be considered. All changes, corrections and erasures must be initialed by the person signing the bid.

F. **CONSTRUCTION COMPLETION**

Good morning Michael, We should have revised cost coming in over the next day or two. I have reached out to most suppliers and subs and are waiting on their responses. My JSEB sub is heavily involved with this. I need his information. I will follow up again with him today.

Sincerely

Kevin Land

Kevin,
Has there been any movement on this item. We will need to review any and all escalations for approval by the City in order to process any Change Order.

Please let me know when we can expect to see a revised/Escalated schedule of values from the contract Unit price Bid proposal.

Thank you,
Michael.

Kevin,

We need to get the price escalation costs in ASAP. It does not look like Engineering or Parks carried contingency for price escalation in the budget so they may need to go look for additional funding depending on what the final number is.

Thank you.

Michael

Please be advised that Shoreline Foundation, Inc. (SFI) has started issuing our purchase order for the procurement of materials on the Mayport Pier project.

As of today, the cost increase for the 24" concrete piling has gone up $4.21 per linear foot.

We have just received a notice yesterday that rebar had gone up in price by another $40.00 per ton, effective immediately on all orders. This is on top of an earlier announced price increase.

Unfortunately, SFI has no control over these material price increases and we will be sending out a request for a cost escalation on materials to cover these increase.

Please note these are only the ones we have encountered so far. We are working diligently to lock in prices at current levels and will keep you informed.

Sincerely

SFI Shoreline Foundation Inc.

Kevin,
Your escalation request package has been reviewed and an Engineer's Estimate has been prepared for all associated costs.
The total amount of the escalated costs based on available documentation provided by SFI is higher than the total amount as of escalated costs as verified on our Engineer's Estimate.
It is our understanding that SFI would like to move forward and have a Change order processed for the amount as verified on the Engineers estimate.
To move forward and submit this change order package, We will need your concurrence of the following:

- The total amount of this Change Order 02 for price escalation part II will be: **$208,668.50**
- The submittal of this Change order includes all remaining price escalations from SFI as per your notice dated 03/04/2022

The Change order will be submitted upon receipt of your concurrence.

Thank you.
Michael.

Contract # 71479-22. Shoreline Foundation Inc.
Mayport Dock Redevelopment.
CO for overrun.
Item # 16. Prestressed Concrete Piling 24" SQ Quantity Overrun

The quantities given in the Plans used for bid were based on the recommendations provided by the EOR in the Geotechnical Report. The Geotechnical Report recommended that test piles be 15ft longer than the anticipated production pile length.

The final length for production piles was determined in the field in accordance with FDOT Specification 455-5.15. FDOT Specification 455-11 gives the methodology that determines the final quantity of piling to be paid for.

All Geotechnical reviews were performed during the project pile driving test pile program. The production pile length letters and driving criteria were issued, reviewed, and approved by CEI Geotechnical group.

The total (LF) cost for production piles during production pile driving includes the approved pile length based on the approved length letter and the cost of any required Set checks required for foundation acceptance per FDOT Specification 455-11.

The PDA was performed by the contractors' Geotechnical subcontractor. That data and additional CEI PDA date was used to determine production pile lengths.

The plans do not include actual production plan lengths, but an estimated quantity provided for the bid. The actual production pile lengths are based on the results of the pile driving program which was overseen by AE Engineering.

During the test pile program, test piles at most bents did not meet the required bearing during the initial drive. The required bearing was achieved only after piles were driving to below required minimum tip elevation and a set check was performed after a minimum 2-3 day wait period. This procedure is typical if bearing cannot be achieved during the initial drive.

The actual conditions in the field varied greatly between each bent and thus the production piles lengths were longer than the EOR anticipated.

Bid item 16. Prestressed concrete piling, 24" SQ (FDOT PAY ITEM NO. 455-34-5)

Bid Quantity. Ref- SFI Base Bid	= 6885 LF
Quantity placed + paid LF for required set	= 7450 LF
checks Bid Sheet difference from actual installed	= 565 LF
Bid Sheet Bust from Plans:	**1080LF ($181 / LF = $195,480.00)**
Item 16 Bid @ 100%	= 6885LF / $1,246,185.00
Pile Escalation for CO 1	= $41,298.60.

This escalation was for all piles including test pile. Production piles represent 87% of escalation amount. ($35,820.21)

Total for bid at 100% and Pile escalation for Co 1	= $1,282,005.21
Escalated Cost – price per pile LF w/escalation	= $186.20 LF
Length driven + 17 set checks	= 7450LF

(Spec 455-11 Set checks are paid as equivalent of 10 LF per set check)

Total for escalated cost of 7450 LF @ $186.20 per LF	= $1,387,190.00
Difference (Overrun from actual bid total)	= $105,184.79
