AGING TRUE™
Community Senior Services

Agency Overview

Aging True Community Senior Services prides itself on fulfilling its mission "*to provide essential and innovative services and care for individuals, families, and communities throughout Northeast Florida to prepare for and support graceful aging.*"

We offer home-based services to ensure senior independence in Northeast Florida. We have served hundreds of thousands of seniors, their families, and the community in our more than six decades of operation. Through services our professionals develop and administer, we provide seniors with the care and assistance they need to live independently. Our health, nutritional, and financial care programs are designed specifically to serve and educate the frail, elderly, and disabled in our region as well as their caregivers and families.

Throughout the years, the organization has expanded to meet the needs of the community and in 1991 was designated as the Community Care for the Elderly lead agency in Duval County. Aging True has grown into a large non-profit provider of senior services and a leader in enabling home-based care allowing for Jacksonville seniors to remain safely in their homes. Aging True has an offering of 17 programs with nearly 100 employees and more than 400 volunteers who work together to serve the thousands of clients we serve.

Specifically, Aging True Nutrition programs have had track records of success, demonstrated effective evidence-based practices, attracted a broad base of support from federal, state, city and private contributions, and have maintained strong leadership and proven accountability.

Meals on Wheels Scope of Work

Aging True has been designated as the Federal recipient of OAA funding for Meals on Wheels Senior Service Provider for Duval County since 1974. Aging True is currently the official overseer and operator of the Older Americans Act Title III Meals on Wheels programs for both Duval and Clay Counties.

Aging True Meals on Wheels prepares hot, nutritious, healthy meals for homebound individuals to reduce isolation, increase nutrition and health, and provide contact for isolated seniors. Nearly 70% of the meals are delivered Monday – Friday, 252 days a year, by dedicated staff. And the balance of the meals

is delivered by over 400 committed volunteers who work through 20 coordinated Volunteer Meal Delivery drop sites within all zip codes in Duval County.

Meals are prepared in Aging True's kitchen under the direction and guidance of a Registered Dietician who certifies that all menu items and meals meet recommended dietary requirements. Our Registered Dietician assists with planning and developing our menu which is designed for a community-dwelling senior population. Each meal is planned with variety, population preference, and seasonal preferences in mind. With our fleet of more than 15 specialized delivery vehicles that maintain food temperatures, our meals arrive hot and ready to eat. Although very resource-intensive, this element of our program is vital!

Participants enrolled in Aging True's Meals on Wheels program have been certified by Aging True staff ensuring their eligibility for the program. Full-time Certification Specialists conduct telephone, in-home, initial, and annual assessments, to verify a client's eligibility under all program guidelines to ensure compliance with funders requirements as well as assure the neediest are served first.

City of Jacksonville's Investment to Senior Nutrition

By designating funding for Meals on Wheels, the City of Jacksonville demonstrates its commitment to ensuring the health and well-being of Duval County's most frail population of homebound elderly. Without permanent funds to serve the ever-increasing number of seniors receiving Meals on Wheels in Duval County and attend to our growing waitlist of more than 2000 seniors, the Meals on Wheels program will never be as effective as it needs to be – an issue that we are now working towards changing due to the City of Jacksonville's help!

Supporting Aging True's Meals on Wheels program will be highly cost-effective for the City of Jacksonville. Seniors remain in their homes with improved nutrition and decreased isolation while the City of Jacksonville benefits from decreased utilization of long-term skilled nursing facility stays often inhabited by this identical population of vulnerable, homebound seniors.

The City of Jacksonville has designated $159,836 for Aging True's Meals on Wheels program. The City's commitment will allow Aging True to provide approximately 23,539 meals. Aging True will provide the meals at a rate of $6.79 per meal which includes food cost, employee compensation, and vehicle

maintenance and fuel (see attached budget detail for breakdown of associated expenses).

Aging True will submit an invoice to the City of Jacksonville on the 15th day of the month for the previous month's meals. All invoices will include supporting documentation for meal count including the names and addresses of clients receiving meals via this funding source.

Signed,

Teresa K Barton
