DEPARTMENT OF PUBLIC WORKS

Jacksonville
Where Florida Begins.

December 12, 2016

TO: Greg Pease, Chief, Procurement Division

THRU: John Pappas, P.E., Director, Department of Public Works

FROM: Tom Fallin, P.E., Chief, Engineering & Construction Management

SUBJECT: Amendment No. 13 - Program Director for Contaminated Site Remediation, City Contract No.: 6398-18; P-30-07

Due to continued remediation activities under Project New Ground it is necessary to continue the contract for the Program Director in order to address on-going and future requirements to ensure a timely schedule in accordance with the Record of Decision with the U.S. EPA. The purpose of this Amendment is to extend the contract from December 31, 2016 to September 30, 2018.

The RFP for the remediation of Part 7A and Part 7A Remnants is currently under production. Additionally, the Program Management tasks are also within any one of the ash site areas. No new funding is required for this contract time extension. The specific sites include the following;

5th and Cleveland Incinerator and surrounding areas
Brown's Dump and Mary McLeod Bethune School Site Remediation
Lonnie Miller and surrounding areas,
Lonnie Miller Mission,
Forest Street Incinerator and surrounding areas, and
Operable Unit 1 (OU2) and Unit 2 (OU2)

The total maximum indebtedness to the City of $36,403,554.41 will remain the same. All terms and conditions shall remain the same. Nothing herein shall be amended, modified or otherwise revised without prior PSEC and Mayor's approval.

MEMORANDUM

To: John Pappas, P.E., Public Works Director

Through: Tom Fallin, P.E. Chief of Engineering Construction Management

From: Robert Kermitz, Vice President, on behalf of Juanitta Clem

Date: December 6, 2016

RE: City of Jacksonville Ash Remediation

ETM currently has a contract with the City of Jacksonville for Program Management of the City's Ash Remediation project. The current contract will expire on December 31, 2016 and an amendment (Amendment #13) to extend the contract was submitted by ETM on November 8, 2016 to the City for review and submittal to PSEC.

Although there is no active remediation/construction projects underway; continuing overall Program Management of the Ash Remediation project is ongoing which includes preparation of construction documents for the next construction phase; program management; construction administration & observation services; parcel sampling, analysis and design; and completion reports for the 5th & Cleveland Parts 5 and 6 (180 parcels) as well as Remnant Parcels (75 parcels). In addition, ETM has several subcontractors working with us including several JSEB firms. These firms include Aerostar Environmental Services, Ellis & Associates, CSI, and Test America. We hereby request the City's authorization to continue services beyond the December 31 deadline so the overall Program Management can continue. This is a time extension request through December 31, 2017.
