Report #797A

Honorable Members of the City Council
City of Jacksonville

The purpose of this report is to document our follow-up review of our past report #797, Property Appraiser's Office – Portability Calculation Audit, to determine whether corrective action has been taken in response to our findings and recommendations. We are providing this special written report in accordance with Ordinance Code Section 102.102. This report does not represent an audit or attestation conducted pursuant to Government Auditing Standards.

We sent a follow-up letter to the Property Appraiser's Office on October 16, 2019 inquiring as to the status of the original audit report recommendations. We reviewed the recommendations from our audit report, the auditees' responses to the recommendations, and the auditees' responses to our follow-up letter. We then performed limited testing to verify the responses.

Based on the responses received and our follow-up testing, it appears that the responsible parties complied with our recommendations without exception. Here is a table detailing the original number of issues noted and the number of issues resolved as of this follow-up.

Types of Issues	Original Number of Issues	Issues Cleared	Remaining Issues
Internal Control Weaknesses	0	0	0
Findings	2	2	0
Opportunities for Improvement	0	0	0
Total	2	2	0

We would like to thank the Property Appraiser's Office for its cooperation in conducting this follow-up review.

Sincerely,

Kyle S. Billy
