|---|---|
| **Bid No.:** | **CS-0113-22** |
| **Bid Date:** | **June 29, 2022** |
| **Award Amount:** | **$5,000,000.00** |

Please be advised that the Right of Way and Stormwater Maintenance Division of the Department of Public Works has reviewed the only bid received for the above-referenced project and has determined that Jax Utilities Management, Inc., J5465 Verna Boulevard, Jacksonville Florida, 32205, submitted the lowest qualified responsive bid in the amount of $4,706,236.12. There were no other bidders. We do not feel that an advantage will be gained by re-advertising this project.

We recommend the subject bid in the amount of $5,000,000.00 be awarded to the lowest conforming bidder, Jax Utilities Management, Inc. The Initial Contract Period will be from October 1, 2022, to September 30, 2024, with two (2) two (2) year renewal options. Work will be issued by individual purchase orders and funding should be encumbered from Right of Way and Stormwater Maintenance Division accounts 32111 156003 565051 001031 00000000 and 44102 156003 565050 001031 00000000 00000.

Attached are the Bid Tabulations, Section 3 Paragraph F of the Bid Specifications, and the Bid Submittal from Jax Utilities Management, Inc.

# COUNTYWIDE STORM SEWER CAVE-IN
# REPAIR SECTION 30

## SCOPE OF WORK

**30.1 Scope**

The work covered by these Specifications consists of the Contractor furnishing all labor, materials, and equipment for the repair of failed storm sewer systems including roadway work, incidental sidewalk, driveway, curb and gutter, and/or other supporting appurtenant work, as deemed necessary at various designated locations within the limits of the City of Jacksonville. The work will be in accordance with these contract specifications.

**30.2 Intent**

It is the intent of these Contract Documents to provide a continuing contract between the City of Jacksonville and a qualified Contractor during fiscal years 2023 and 2024 (October 1, 2022 – September 30, 2024) for the repair of failed storm sewer systems and appurtenant work as necessary.

It is not the intent of these Contract Documents to minutely define the mode, means, methods, techniques, sequence of construction, and/or programs incident to the Contractor's work, but rather to set forth rational and reasonable criteria for the construction of each assigned project.

**30.3 Construction Plans**

The City of Jacksonville may supply construction drawings, as-builts, and/or GIS infrastructure maps or sketches for selected project sites. The Contractor shall construct the project in accordance with the Specifications and plans provided. Other project sites will be constructed in accordance with the Specifications and as approved by the Chief, Right of Way and Stormwater Division.

A City of Jacksonville Representative and the Contractor shall meet on each project site to discuss the specific site's scope of work prior to the Contractor mobilizing. The conclusion will result in an agreed type of repair necessary to complete the work. At no time shall the Contractor dictate unit prices or quantities required to produce a complete project.

The Contractor shall obtain all required permits (local, state, and Federal), including but not limited to, the NPDES Permit and the approval of the Maintenance of Traffic Plan prior to commencement of the work. The Contractor must adhere to all permit requirements.

**30.4 Location**

Work sites for this project will be located within the limits of the City of Jacksonville as shown on the Project Location Map on the next page. Work may take place on any street, highway, on City property, or on private property with an approved easement.

## B. BASIS OF AWARD

The project may be awarded to the lowest responsive, responsible Bidder for the Total Base Bid contingent on the availability of funds within the project's approved budget. The City has the right to reject any or all bids if it is in the best interest of the City.

## C. REVISIONS OF BID PROPOSAL FORM

Request for revision of the Bid Proposal Form must be made to the ENGINEER at least ten (10) days prior to date of opening of Bids. Revision of the Bid Proposal by the Bidder will void the Bid.

## D. CONTRACT EXPIRATION DATE

The Contract expiration date shall be established 120 calendar days after the scheduled construction completion date in order to comply with Executive Order 2013-05.

## E. BID CHANGES

No changes in the amount of Bids appearing on the outside of Bids will be considered. Only the amounts shown on bidding documents inside the envelope will be considered. All changes, corrections and erasures must be initialed by the person signing the bid.

## F. CONSTRUCTION COMPLETION

The intent of this contract is that the Contractor provides **Countywide Storm Sewer Cave-In Repair** during the period of Fiscal Years 2023 and 2024 (October 1, 2022 through September 30, 2024). The Contractor shall begin work within ten (10) calendar days, including Sundays and holidays, after issuance of a Blanket Order or Purchase Order from the City. No Blanket Orders or Purchase Orders will be issued under this Contract after September 30, 2023 unless the Contract is renewed. The active Contract will expire 120 days thereafter. All work started under a Blanket Order or Purchase Order shall be completed by the expiration date. By mutual agreement of both parties, provided funds are available, the Contract may be extended two (2) times for a period of one (1) two-year term (2 years) each time. Each extension amendment of the contract will be amended prior to September 30th of the current contract fiscal year.

Based upon the agreement of all parties, the Contract Unit Prices may be adjusted one (1) time per fiscal year, after the initial contract term, based on the stated Consumer Price Index (CPI) for All Urban Consumers - South Region All Items, (Series CUURO300SAO), over the preceding twelve (12) months from the latter of the date of Contract Award or the date of the previously approved Contract Unit Price rate adjustments. The adjusted Contract Unit Prices will be calculated using the current Contract Unit Prices and adjusting them by the amount of the stated CPI.
