Protocol for the Purchase of Property Purchased with HFF Grant Funding

September 2022

Protocol for the Purchase of Property

All technology and furniture purchased must be pre-approved by the Department of Children and Families (Department). If a technology/furniture purchase is made without Department approval the cost will not be reimbursed. Once an approved IRR is sent to the site the purchase must be made within 30 days or the IRR is invalid. All approved purchases made between April and June must be made, delivered, installed, paid for and invoiced no later than the June invoice. If the payment is made after June 30th, the cost will not be reimbursed by the Department or OPFF.

A formal contract amendment is required prior to the purchase of any property item not specifically listed in the approved budget. The amendment must be approved by the Department prior to execution by the parties. Once the Department receives the executed amendment, then the IRR may be sent to the Department. The IRR and three quotes must be submitted to the contract specialist at sgodfrey@ounce.org.

The contract specialist will review the request and then send it to management for review. If the documentation is in order, it is sent back to the contract specialist and the contract specialist will submit the IRR and quotes to the Department contract manager for approval. If modifications are necessary, the contract specialist will contact the staff person who submitted the request. Upon Department approval, the contract specialist will notify the project. The project must not make any purchase until the contract specialist has emailed final Department approval to the staff person who submitted the request.

Ensure that all technology/furniture purchased with HFF Grant funds are sufficiently covered by your insurance policy for replacement value. If technology/furniture purchased with HFF Grant funds is destroyed, stolen or lost, there must be sufficient insurance coverage to replace the item at no additional cost to HFF.

Obtaining Approval to Purchase Technology Equipment Using Ounce of Prevention/HFF Grant Funds

All projects must submit an Information Resource Request (IRR) form and three quotes for each type of equipment/furniture to the contract specialist sgodfrey@ounce.org requesting to purchase new computer hardware, tablets, printers, LCD projectors, smart phones, other technology, specialty software and furniture (including desks, module furniture pieces, cabinets, shelves, chairs, tables, file cabinets, etc).

All three quotes must:

1. Show all of the detailed equipment specifications for each piece of technology listed on the quote
2. Number of each type of item requested (if you want 5 desktops and 3 laptops the quotes must reflect those numbers)
3. All three quotes must be for the same make and model for:
    a. each piece of technology and contain the same specifications
    b. each type of furniture
4. Required 4 year warranty (what the coverage includes) on all computers
5. Required 4-year license for Computrace or GHE Endpoint encryption software on all laptop computers
6. Legible vendor contact information or link
7. Quotes should be locked in for at least 30 days to allow time for the approval process,
8. Ensure that the quotes are legible and clear when submitted
9. Saved in the following format "name of project, name of vendor and type of equipment"

An IRR is not needed to purchase a mouse, flash drive or keyboard (unless the items are specialized or cost is higher than a basic model). The purchase request must be for the lowest priced item from the three quotes. The project's budget must include sufficient funds for purchasing the technology/furniture prior to submitting a request. The last date to request an IRR for the fiscal year will be noted during the lapse planning time frame, unless a different time frame is specified by DCF.

An IRR is needed for purchasing:

1. Any type of technology regardless of cost. Examples include but are not limited to:
    a. Computers (Desk or Laptop)

7. Items that have a life of 12 months or longer
8. If there are multiple pieces that when combined make a whole piece and the total cost of all pieces combined are more than $1,000
