Report #865A

OFFICE OF THE COUNCIL AUDITOR

Report #865A

Honorable Members of the City Council
City of Jacksonville

The purpose of this report is to document our follow-up review of our past report #865, Public Parking – Off-Street Parking Audit, and to determine whether corrective action has been taken in response to our findings and recommendations. We are providing this special written report in accordance with Ordinance Code Section 102.102. This report does not represent an audit or attestation conducted pursuant to Government Auditing Standards. The initial audit report can be found on our website.

We sent a follow-up letter to the Deputy Chief Administrative Officer on September 16, 2024 inquiring as to the status of the original audit report recommendations. We reviewed the recommendations from our audit report, the auditees’ responses to the recommendations, and the auditees’ responses to our follow-up letter. We then performed limited testing to verify responses.

Based on our follow-up testing, it appears that the responsible parties reasonably addressed our original audit issues. Below is a table detailing the original number of issues noted and the number of issues resolved as of this follow-up.

Types of Issues	Original Number of Issues	Issues Cleared	Remaining Issues
Internal Control Weaknesses	3	3	0
Findings	4	4	0
Opportunities for Improvement	4	4	0
Total	11	11	0

We would like to thank the Office of Public Parking within the Downtown Investment Authority for their cooperation in conducting this follow-up review.

Respectfully submitted,

Kim Taylor
