The evaluation of RFP responses will be conducted by both KHA staff and external subject matter experts (SMEs) within the child and family services field. Each Scorer will evaluate up to 15 applications and each application will be evaluated by at least three scorers. Batches of up to fifteen responses will be created based on the KHA goals initially selected by the applicant during the application process so that like applications will be evaluated against each other.

Contractors that score the highest within the KHA goal area indicated in their application would then be selected for either award or negotiation with the intent to award.

Before making an award, Buyer reserves the right to seek clarifications, revisions, and information it deems necessary for the proper evaluation of Responses. Failure to provide any requested clarifications, revisions or information may result in rejection of the Response.

Buyer reserves the right to accept or reject any and all Responses, or separable portions thereof, and to waive any minor irregularity, technicality, or omission if Buyer determines that doing so will serve Buyer's best interests. The award may be contingent on the outcome of direct negotiations under Section 126.201(d)(4) and 126.201(n), *Ordinance Code*. If an agreement cannot be reached with the highest ranked Contractors, Buyer reserves the right to make an award to the next highest ranked Contractor or subsequent Contractor(s) until an agreement is reached. The response to each of the criterion will be evaluated relative to the other responses received. Contractors are encouraged to arrange their responses in the exact format as the application in Attachment A, which will offer ready review and evaluation of each criterion. Please note that the final score will be the percentage of points received. For example, receiving 276 points out of a possible 345, would result in a score of 80%. **Contractors must score a minimum 70% of points overall to be considered for funding.**
