RE: **RECOMMENDATION TO AWARD**
Fence and Rail Maintenance and Construction

Bid No.:	**CP-0176-22**
Bid Date:	**October 26, 2022**
Award Amount:	**$1,000,000.00**

Please be advised that the Right of Way and Stormwater Maintenance Division of the Department of Public Works has reviewed two (2) bids on the above-referenced bid and determined that the low bidder A Norman Fence Company, 9240 Lem Turner Rd., Jacksonville Florida, 32208, failed to provide the required documented evidence meeting all qualifications per Section 3 Appendix G "Project Specific Qualifications" of the Bid Specifications resulting in automatic disqualification. Furthermore, A Norman Fence Company failed to submit the required bid bond as outlined is Section 2 Paragraph 3 of the bid specifications.

Newsom Fence Company Inc., 3953 Kelly Street, Jacksonville Florida, 32207, submitted the lowest qualified responsive bid in the amount of $1,498,462.68, for the above-referenced bid. There was a total of two (2) bidders

We, therefore, recommend the subject bid in the amount of $1,000,000 00 be awarded to Newsom Fence Company Inc. The initial Contract Period will be from the contract date to September 30, 2023, with four (4) one (1) year renewal options. Work will be issued by individual purchase order and funding should be encumbered from various Right of Way and Stormwater Maintenance Division accounts.

Attached are the Bid Tabulations, Section 3 Paragraph F and Appendix G of the Bid Specifications, and the Bid Submittals of both bidders.

FENCE AND RAIL MAINTENANCE AND CONSTRUCTION

SECTION 30
SCOPE OF WORK

30.1 Scope

The work covered by these Specifications consists of the Contractor furnishing all labor, materials, and equipment for the repair, replacement, and new construction of fence, rail, and other types of barriers resulting in a complete barrier at designated locations within the City of Jacksonville. The work will be in accordance with the Contract Documents.

30.2 Location

Work sites for this project may be located on any street, highway, on City property, or on private property with an approved easement within the City of Jacksonville.

30.3 Intent

It is the intent of these Contract Documents to provide a continuing contract between the City of Jacksonville and a qualified Contractor during fiscal year 2023 (October 1, 2022 - September 30, 2023) for the maintenance and construction of fence, rail, or other type of barrier at specific locations within the City of Jacksonville. It is not the intent of these Contract Documents to minutely define the mode, means, methods, techniques, sequence of construction, and/or programs incident to the Contractor's work, but rather to set forth rational and reasonable criteria for the construction thereof.

30.4 Construction Plans

The City of Jacksonville may supply construction drawings, as-builts, GIS infrastructure maps, or sketches for selected project sites. The Contractor shall construct the project in accordance with these Specifications and plans provided. Other project sites will be constructed in accordance with these Specifications and as approved by the Chief of the Right of Way and Stormwater Maintenance Division.

A City of Jacksonville Representative and the Contractor shall meet on each project site to discuss the specific site's scope of work prior to the Contractor mobilizing. The conclusion will result in an agreed estimate of contract unit prices necessary to complete the work. At no time shall the Contractor dictate unit prices or quantities required to produce a complete project.

The Contractor shall obtain all required permits (local, State, and Federal), including but not limited to, the NPDES Permit and the approval of the Maintenance of Traffic Plan prior to the commencement of the work. The Contractor must adhere to all permit requirements.

B. BASIS OF AWARD

C. REVISIONS OF BID PROPOSAL FORM

Request for revision of the Bid Proposal Form must be made to the ENGINEER at least ten (10) days prior to date of opening of Bids. Revision of the Bid Proposal by the Bidder will void the Bid.

D. CONTRACT EXPIRATION DATE

The Contract expiration date shall be established 120 calendar days after the scheduled construction completion date in order to comply with Executive Order 2013-05.

E. BID CHANGES

No changes in the amount of Bids appearing on the outside of Bids will be considered. Only the amounts shown on bidding documents inside the envelope will be considered. All changes, corrections and erasures must be initialed by the person signing the bid.

F. CONSTRUCTION COMPLETION

The intent of this contract is that the Contractor provides **Fence and Rail Maintenance and Construction** during the period of Fiscal Year 2023 (October 1, 2022 through September 30, 2023). The Contractor shall begin work within ten (10) calendar days, including Sundays and holidays, after issuance of a Blanket Order or Purchase Order from the City. No Blanket Orders or Purchase Orders will be issued under this Contract after September 30, 2023 unless the Contract is renewed. The active Contract will expire 120 days thereafter. All work started under a Blanket Order or Purchase Order shall be completed by the expiration date. By mutual agreement of both parties, provided funds are available, the Contract may be extended four (4) times for a period of one (1) year each. Each extension amendment of the contract will be amended prior to September 30th of the current contract fiscal year.

Based upon the agreement of all parties, the Contract Unit Prices may be adjusted one (1) time per fiscal year, after the initial contract term, based on the stated Consumer Price Index (CPI) for All Urban Consumers - South Region All Items, (Series CUURO300SAO), over the preceding twelve (12) months from the latter of the date of Contract Award or the date of the previously approved Contract Unit Price rate adjustments.
