### B. 2024 Constellation Furyk & Friends

### Adam Renfroe

She noted that the event production team takes up a sizeable portion of hotel room nights and is confident that she can meet the Category F. requirements.

Council President-Designate White ask the applicant if the event has ever been held at Diamond D Ranch before to which the applicant answered in the affirmative.

Mr. Kuverji asked Ms. Bortnick if the production crew would book their lodging accommodations through Airbnb or hotels, to which Ms. Bortnick says it depends on the location of the host city. She continued that most of the time it is the best situation when they can book a hotel closest to the event so that everyone is in one place. Mr. Thompson expressed his support of the event and shared that some people who take part in the championship choose to camp at the campground he helps oversee, which also contributes to the bed tax.

Council President-Designate White suggested that the Jacksonville Equestrian Center also has campground space that could be utilized for this event as it is much closer to Diamond D Ranch.

Ms. Phillips would like to see shuttle services employed so more hotel opportunities could be considered.

**Motion (White / 2<sup>nd</sup> Chan):** Approve Spartan Race, Inc. to receive a special event grant for \$80,000 from the Tourist Development Council FY 23-24 Event Grants account for the 2025 Spartan U.S. Championship - Jacksonville. - **approved unanimously.**

### VI. Northeast Florida Equestrian Society/HORSE Therapies, Inc. Carol Brock FY 24-25 Budget Adjustment

Ms. Brock updated the board that the projections for the original budgeted amount of \$8,600 for the equestrian center's portion of the FY 24-25 budget is too low based on possible commitments for next fiscal year. Ms. Brock requested that an additional \$5,000 be added to their budget for a total of \$13,600. The Unallocated/Remaining to Spend account will be reduced by \$5,000 to cover this increase.

**Motion (VanLoh / 2<sup>nd</sup> Thompson):** Approve the revised TDC FY 24-25 budget to include a \$5,000 increase to the Northeast Florida Equestrian Society/HORSE Therapies account to be offset with a \$5,000 decrease to the Unallocated/Remaining to Spend account. - **approved unanimously**.

### VII. Visit Jacksonville FY 24-25 Budget

Sarina Wiechens

The Chair reminded the board that at their last meeting they approved the TDC FY 24-25 budget and today they will approve the Visit Jacksonville's portion of that budget. Sarina Wiechens, Chief Financial Officer of Visit Jacksonville, gave an overview of their budget proposal.

Ms. Wiechens broke their budget down into several categories which reflect the different planning components as required by contract. In the destination experience category, they budgeted \$1,355,256 – an 11% increase from the previous fiscal year. This component includes money allocated for a second mobile visitor center as well as a new research database platform. The marketing services category budgeted \$4,452,956 – a 2% increase from last year. This component is the least cost increase which Ms. Wiechens explained is a weakness and could be improved upon. The convention and group sales category budgeted for \$1,355,391 – a 4% increase from the last fiscal year. The convention grants, sponsorships and promotions category allocated \$600,000 – a 107% increase from the last fiscal year. This increase includes additional funding for golf sponsorships. The total FY 24-25 budget for Visit Jacksonville is \$7,763,603.

Mr. VanLoh asked for an explanation of the TDC's Unallocated/Remaining to Spend account. Ms. Brock said its unallocated money that can be used when there are unforeseen opportunities or a short fall in the budget. The money in this account can be allocated to cover costs without City Council approval. An example of this being done was the recent action item on adding \$5,000 to the equestrian center's budget from this account. Ms. Brock also shared that the budget office explained there could be a potential \$250,000 short fall in the FY 24-25 TDT revenue and this account could help cover the gaps in funding if needed.

Council President-Designate White asked if the account could be called a reserve account, to which Mr. Peterson said that would cause some technical issues that would add additional burden if the TDC ever needed to move money from this account.

**Motion (White / 2<sup>nd</sup> Phillips):** Approve the Visit Jacksonville FY 24-25 budget as presented. - approved unanimously.

### VIII. Visit Jacksonville Update

**Katie Mitura**

### Proposed Change to *Tourist Definition* in TDC Grants Guidelines

### Reason:

Florida Statute Section 125.0104(1)(b)(2) defines "tourist" as "a person who participates in trade or recreational activities <u>outside the county of his or her permanent residence or who rents or leases transient accommodations</u> as described in paragraph (3)(9)a)." The language in 125.0104, F. S.,provides a specific definition of "tourist" and provides no basis for modifying that definition by expanding or restricting the meaning of the word. Only in the absence of a statutory definition may a court resort to related definitions. Section 125.0104(1)(b)(2) provides a statutory definition of "tourist" that the TDC must follow and which allows no room for modification of that definition. In that sense, it is mandatory. Only in the absence of a statutory definition may a court resort to related definitions. The TDC cannot adopt a definition of "tourist" that differs in any way from the definition set forth in the Florida statute. These changes will be reflected in all areas where "tourist" is defined including the grant application, website, reimbursement forms, etc. Current grant recipients will be notified of change.

### **Excerpt of Proposed Change:**

Section 1. Purpose. The Duval County Tourist Development Council established ("Tourist Development Council" or "TDC") under Chapter 70, Ordinance Code, is responsible for implementing and administering the Tourist Development Plan ("Plan") as set forth in Chapter 666, Ordinance Code, and in accordance with Section 125.0104, Florida Statutes. The Tourist Development Council's primary goal in administering the Plan is to increase tourism in the Northeast Florida region. This region is defined as Duval, Clay, St. Johns, Nassau, and Baker Counties Duval County, including the number of tourists and quality of the tourist experience. Section 125.0104, Florida Statues, defines "tourist" as a person who participates in trade or recreation activities outside the county of his or her permanent residence or who rents or leases transient accommodations. For the purposes of the TDC grants, the term "tourists" refers to visitors from outside the Northeast Florida region. This region is defined as Duval, Clay, St. Johns, Nassau, and Baker Counties Duval County. In furtherance of this goal, the Tourist Development Council is authorized to award the following grants to eligible entities: special event grants, convention grants, equestrian center grants.

### **Major Investment Grant Request Summary**

Per TDC Grant Guidelines, an entity desiring to apply for a grant exceeding the requirements in Category F (1500 hotel rooms/7001-8000 tourists/\$80,000) may submit a proposal as a Major Investment Grant which will be evaluated by the TDC on applicant's merit including but not limited to economic and tourism impact for Duval County.

### Visit Jacksonville Strategic Analysis

This SWOT analysis was conducted through individual interviews with each member of the Tourism Development Council (TDC) and the team at Visit Jacksonville. The insights gathered from these interviews were analyzed and synthesized to produce the following results, providing a comprehensive view of Jacksonville's tourism landscape.

### **Strengths**

**Geographical Advantages**: Jacksonville's combination of beach and riverfront, along with undeveloped land, offers unique potential for waterfront development and diverse recreational activities, attracting a broad visitor base.

**Diverse Attractions**: A variety of offerings, including sports events, concerts, and natural attractions, cater to different interests and can enhance tourist engagement and extend stays.

**Organizational Structure**: Visit Jacksonville excels in sales and community engagement through programs that strengthen local support for tourism.

**Unique Branding**: The "Flip Side of Florida" campaign differentiates Jacksonville by highlighting unique attributes, appealing to specific tourist demographics.

### Weaknesses

The overall takeaway is that largely, these weaknesses are related to areas where Visit Jacksonville does not have direct control or cannot not immediately change. But it is important to be aware of them to strategically reduce their impact and adapt as needed.

**Convention Center and Accommodations**: The convention center's location along with a lack of full-service hotels, limit Jacksonville's ability to host large events and compete with cities like Orlando.

**Transportation**: The city's large geographic area and lack of transportation options detract from the visitor experience, necessitating partnerships with transport providers.

**Nightlife and Attractions**: A lack of nightlife and daily attractions limits options for tourists between events, discouraging longer stays.

### **Opportunities**

**Riverfront and Urban Revitalization**: Development along the riverfront can transform Jacksonville into a vibrant destination, attracting new businesses and increasing property values.

**Sports and Recreation Expansion**: Expanding existing sports facilities and promoting Jacksonville as a hub for both professional and amateur sports can attract regular sports tourism influxes. All participants agreed this was a major opportunity and increased focus on sport tourism would be beneficial.

**Enhanced Local Engagement**: Through initiatives like the Tourism Ambassador Program, there's potential to improve local advocacy for tourism, which can help to foster a positive sentiment around tourism and its importance to the community. Educating residents about tourism benefits

can transform them into advocates, enhancing the visitor experience and attracting future residents, boosting economic vitality.

**Airport Expansion**: Expanding direct flights through Jacksonville Airport can improve accessibility, reaching beyond the drive-market.

### **Threats**

**Operational Risks:** The future of an updated Stadium is exciting and promising, but there is a threat in the meantime. Infrastructure disruptions and the potential loss of major sports franchises could significantly impact tourism. Specifically, the EverBank Stadium upgrades will make it unavailable for at least one year.

**Inventory Diversity**: Lack of control over certain infrastructural aspects, such as the limited number of full-service hotels. These factors significantly hinder their ability to attract and manage large group events compared to destinations like Orlando.

### **Recommendations**

It is important to have a well-defined strategic plan that ties in with the DMO and TDC's objectives, which would help streamline their focus and ensure alignment across the board. We recommend this Strategic Analysis be followed with the development of a full strategic plan.

Influence essential developments, including residential spaces and full-service hotels, to create a more inviting destination.

Leverage the expansion of Jacksonville's airport by gathering data on visitor origins to advocate for more direct flights.

### Visit Jacksonville FY 23 - 24 Budgetary Reallocation

Visit Jacksonville.com 100 N. Laura St., Suite 120 Jacksonville, Florida 32202 800.733.2668

TO: TDC Members

**CC:** Carol Brock, TDC Executive Director

FROM: Michael Corrigan, Visit Jacksonville President

**DATE:** 8/15/2024

**SUBJECT:** FY 23-24 Budgetary Reallocation Request

Per Visit Jacksonville's contract with the City of Jacksonville, we may budgetarily exceed line items on an expense by up to 10%; however, any shifts in amounts needed larger than 10% must be brought before TDC for approval. This fiscal year, Visit Jacksonville experienced cost variances higher than anticipated as detailed below. The total budget for Visit Jacksonville for FY 2023-24 remains the same and these are just shifts between line items to account for those areas where costs have been higher than anticipated.

### Marketing:

<u>Visit Jacksonville would like to request a reallocation of \$40,400 as follows:</u>

- Decrease Tradeshows budget by \$2,400 from \$24,200 to \$21,800.
- Increase **Travel/Meals/Registration** budget by \$2,400 from \$14,700 to \$17,100.
- Decrease Site Visits/Media FAMS budget by \$2,000 from \$25,300 to \$23,300.
- Increase Influencers budget by \$2,000 from \$50,000 to \$52,000.
- Increase **Promotional Outreach Events** by \$36,000 from \$150,000 to \$186,000 (from Convention Sales line item listed below).

### **Convention Sales:**

<u>Visit Jacksonville would like to request a reallocation of \$46,500 as follows:</u>

- Decrease Sales Missions & Client Events budget by \$10,500 from \$44,750 to \$34,250.
- Increase Industry Association Dues budget by \$10,500 from \$15,000 to \$25,500.
- Decrease **Site Visits** budget by \$36,000 from \$55,500 to \$19,500 (Into Marketing line item above).

### **Destination Experience:**

Visit Jacksonville would like to request a reallocation of \$5,000 as follows:

- Decrease Other Center Upgrades budget by \$5,000 from \$68,753 to \$63,753.
- Increase Visitor Center Training budget by \$5,000 from \$6,500 to \$11,500.

### Visit Jacksonville FY 24 - 25 \$250,000 Budget Increase

### Visit Jacksonville \$250,000 Budgetary Increase Request, FY 2024-25

As the Jacksonville Jaguars in partnership with the City of Jacksonville prepare to build the Stadium of the Future both to secure the Jaguar franchise in Jacksonville for decades to come and create many great hospitality venues within the stadium, Visit Jacksonville is preparing for the closure of EverBank closures during 2026 and 2027. We anticipate a loss of approximately 125,000 room nights per year during the two years the stadium is reimagined. We are requesting the Tourist Development Council invest \$250,000 into endeavors that Visit Jacksonville can launch to assist in filling those room night gaps.

### Marketing:

\$125,000 of the increase will be invested in Digital Marketing endeavors for meetings and groups. The areas of focus will be those smaller groups from 100+ room nights (aligning with the new CVB grant guideline adjustment request). Advertising placements will be focused on eblasts to meeting professionals who plan this size group, digital display ads placed with media outlets that focus on smaller meetings, and geofencing planners and attendees who have attended these tradeshows/conferences and retargeting them with advertising to consider Jacksonville. These advertisements will include a mention of the special grants being offered.

### **Convention Grants:**

The other \$125,000 will be used to increase the CVB grant budget that Visit Jacksonville can offer to encourage more 2026 and 2027 group business. If the adjustments are approved to the TDC Grant Guidelines to allow for the lowering of room nights from 200 to 100 as well as increasing the maximum per room rate from \$10.00 to \$12.50, Visit Jacksonville will be able to attract more groups with incentives to assist in subsidizing the gap.

### Visit Jacksonville CVB Grant Guidelines Change

### Proposed Change to *Convention Grants* in TDC Grants Guidelines

### Reason:

To better account for and assist in filling the anticipated gaps in room night coverage from stadium renovations, Visit Jacksonville would like to request an adjustment in the CVB grant guidelines to target more groups with incentives. Visit Jacksonville is respectfully requesting a decrease in the room night number from 200 room nights to 100 room nights and an increase in the grant amount we can offer from a maximum of \$10.00 per room night to a maximum of \$12.50 per room night.

### **Excerpt of Proposed Change:**

**Section 8. Convention Grant**. The TDC or the tourism services contractor may award a convention grant to an eligible entity based on the following grant guidelines.

- a) Application. The tourism services contractor will make offers of grant opportunities to potential groups looking to book in Jacksonville based on an analysis of the items listed in *c) Evaluation Criteria, Qualifiers, and Considerations*, and provide a written offer letter to the group which must be accepted in order to obligate the funds. A convention grant may not supplement a TDC special event grant.
- b) Allowed Grant Expenditures. Expenditures allowed for a convention grant shall include costs associated with audiovisual, food and beverage, transportation, and facility rentals, and/or operational charges.
- c) Evaluation Criteria, Qualifiers, and Considerations. The tourism services contractor working with the TDC shall establish and use evaluation criteria, qualifiers, and considerations such as economic impact and need periods in the City as well as budgetary limitations in administering the convention grants.
- d) Minimum Room Nights Requirement. An entity applying for a convention grant shall have a minimum of  $\frac{200}{100}$  room nights.
- e) Maximum Reimbursement Per Room Night. Unless otherwise provided by the TDC, the convention grant shall provide a maximum reimbursement award of \$10.00 \$12.50 per room night.
- f) Funding Source. Convention grants shall be funded from *Tourism Marketing, Sales, Experiences and Promotion Convention Grants, Sponsorships and Promotions* plan component detailed in Chapter 666, *Ordinance Code*, based on the annual budget established by the TDC and included in the annual budget ordinance adopted by City Council.
- g) Contract. Prior to receiving any grant funds, an entity shall enter a grant contract in the manner and by the deadline provided by the tourism services contractor.

### Visit Jacksonville Gift Allowance Increase in Travel Policy

### Proposed Change to *Entertainment Related Expenses - Gifts* in Travel and Entertainment Policy

### Reason:

Due to the rising cost of providing quality amenities for VIP site visits, meeting planners, etc., Visit Jacksonville would like to request permission to increase the threshold for custom gifts from \$60 to \$100. This increase aligns with the current City policy as well of allowing gifts up to \$100.

### **Excerpt of Proposed Change:**

- III. Entertainment Related Expenses
  - E. Authorized entertainment expenses include the following:
    - 4. Gifts

Tokens of appreciation, mementos, and acknowledgment of certain occasions (i.e., birthdays) given to Tourism Promoters are authorized at actual cost. However, there is a limit of \$60 \$100 per person, per occasion.
