Actuarial Impact Statement

Dear John:

As requested, we have reviewed Ordinance 2014-386.

Impact on New Hires

This amends Ordinance Code Chapter 121 – Police and Fire Pension Plan to provide reduced benefits for Police Officers and Firefighters hired on or after October 1, 2014. The material changes are:

1. Credited Service for retirement increased from 20 to 30 years (steep reductions for early retirement after 25 years).
2. Earnings Base computed as average of last 5 years rather than last 2 years.
3. Three year delay in annual Cost of Living increases (reduced from 3% to 1.5% maximum Social Security).
4. Disability benefit reduced to 50% of Earnings Base from 60%.
5. Vesting changed from NRA&5 to age 62&10 (2% accrual rate).
6. Benefit percentage reduced from 3.0% to 2.5%.
7. Back-Drop implemented, no DROP.

Cost Impact

As shown on the attached Exhibit A, the new employee plan costs about 19% of pay plus expenses. The current plan has a new member cost of about 35% of pay plus expenses. Hence, the cost reduction is about 16% of new hire pay.

Impact on Current Active Employees

<u>Change</u>	<u>(\$ Millions)</u> <u>Annual Savings</u>
1. Increase employee contributions from 7% of pay to 10% soon.	\$4.0
2. Four year pay averaging, instead of two, for employees with less than 10 YOS on 10-1-14.	\$1.5
3. Annual interest credits for future DROPs of actual fund net earnings (minimum 5%, maximum 10%).	\$0.2

This impact statement meets the requirements of Section 14, Article X of the State Constitution and provisions of Part VII, Chapter 112 as well as Chapter 175.351 and Chapter 185.35 of the Florida Statutes.

I am a member of the American Academy of Actuaries and meet its Qualification Standards to render the actuarial opinion contained herein.

Best regards.

Cordially yours,

Jarmon Welch, A.S.A.
