City of Jacksonville Parks - Level 2 Tree Planting

Windy Hills Playground and Park

This is a proposed Level 2 Tree Planting Project designated for City of Jacksonville Windy Hills Park at 3831 Forest Blvd. This proposed tree planting is focus on sites that have could benefit from heat mitigation with large canopy trees. There are also sites included that have been identified as areas that become inundated after heavy rains, and the water-tolerant trees proposed here may help reduce flooding. The trees will help define park use areas and buffer from adjacent uses and roadways. Proposed trees are focused on native, large canopy trees to provide shade and environmental value to the site. Proposed trees will complement the sites both aesthetically and environmentally as well as provide shade to playground equipment and amenities. The trees will include one-year warranty/maintenance. The projects can be viewed individually in the COJ Canopy Planner.

COMMENTS:

City of Jacksonville Parks - Level 2 Tree Planting

Oceanway Park

This is a proposed Level 2 Tree Planting Project designated for City of Jacksonville Oceanway Park at 12215 Sago Ave. W. The tree planting project proposed here will focus on recent areas that were under brushed of invasives and debris removal areas. There are areas included that would benefit from screening and sound barrier from the adjacent highway. Trees may be utilized in some cases to help define the perimeter boundaries of the park and to enhance and/or direct flow through the park space. Proposed trees will complement the sites both aesthetically and environmentally; smaller canopy trees were utilized in some cases due to the existing Long Leaf Pine canopy. This site also had a few losses during recent storms, which opened space for new plantings. The trees will include one-year warranty/maintenance. The projects can be viewed individually in the COJ Canopy Planner.

City of Jacksonville Parks - Level 2 Tree Planting

Terrace Park

This is a proposed Level 2 Tree Planting Project designated for City of Jacksonville Terrace Park at 657 Edgewood Ave. North. The tree planting project proposed here will focus on recent improvements to include the trail and upcoming playground. Proposed trees will complement the sites both aesthetically and environmentally as well as provide shade to playground equipment and amenities. There are areas included that have been identified as areas that become inundated after heavy rains, and the water-tolerant trees proposed here may help reduce flooding. Portions of the site will benefit from heat mitigation; trees will provide shade and screening from adjacent land uses. Proposed trees are focused on native, large canopy trees to provide environmental value to the site. Trees may be utilized in some cases to help define the perimeter boundaries of the park and to enhance and/or direct flow through the park space. The trees will include one-year warranty/maintenance. The projects can be viewed individually in the COJ Canopy Planner.

Prepared 3/17/25 LD

The City of Jacksonville has two separate laws that provide protection for certain trees and require mitigation for damage or removal of certain trees caused by the process of land development. Mitigation is required either through planting or replanting of a calculated amount of mitigation trees or through making a specified payment into the Tree Protection and Related Expenses Trust Fund codified by Sec. 111.760, Ordinance Code. These laws are Article 25 of the Charter of the City of Jacksonville and Chapter 656, Part 12, Subparts A & B of the Ordinance Code. Each provision has specific criteria for what is characterized as a "protected tree" and thus would require replacing through the development process of a site, or if a replacement is not made, how the "mitigation fee" is calculated for removal of trees without replacement. The mitigation fee that is paid by developers who are unable to replace the trees destroyed during construction, as required by both provisions, is placed in the Tree Protection and Related Expenses Trust Fund. Moreover, funds received from application of the Charter are held in Fund 15305 and funds received from application of the Ordinance Code are held in the Fund 15304.
