Deborah Verges Damian Cook	P-46-17	**Subcommittee Report** **Data Analytics Consultant Service** Office of the Mayor	It is the consensus of the committee that of the five (5) proposals responding to the Request for Proposal (RFP) one (1) was deemed non-responsive and four (4) were found to be responsive, interested, qualified and available to provide the services required by the RFP. The ranking of first, second and third, designates the order of qualifications of these companies to perform the required services and alphabetically they are: 3) Cambridge Systematics 2) DynoMetrics 1) NLP Logix We recommend that the above list is forwarded to the Mayor for final selection so that fee and contract negotiations may begin with NLP Logix the number one ranked company
