

Protect yourself.

Hepatitis A is on the rise in our area.

Get vaccinated.

Wash your hands.

HEPATITIS A is a virus that can lead to serious liver problems, even death. It may be spread in the stool of people who have the virus.

STOP THE SPREAD by washing your hands and not sharing personal items that may be contaminated.

VACCINES ARE AVAILABLE: For more information, please contact the Florida Department of Health in Duval County Monday - Friday 8:00 a.m. - 5:00 p.m. at 904-253-1850.
