I'm no attorney, but it doesn't make sense to me either. If you go with the "half the meeting" thing, you could parse out every session in the process into public/not public parts. It's an asinine idea.

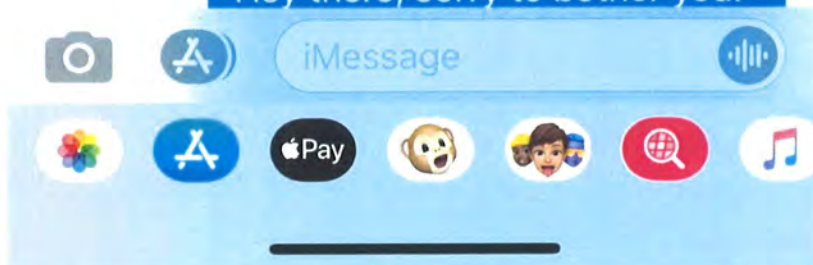

Exactly! Def not the intent of the legislature

Yikes those are expensive. Did they check other airlines?

Yes. The other airlines also have stops in between. Delta is the only one that has Direct

Ok

Yesterday we looked at American, southwest, Frontier, United, Delta. Trying to find X that would work. I don't know if prices have changed from yesterday but they were all about the same from what I recall

Feel free to look around and see if you can find something cheaper. It's not necessary for you to be on the same flight, but would be nice to all travel together.

Text Message

You all could drive as well, but probably need to do that separately

It actually could be cheaper to charter flights, but the optics of that are probably worse

Agreed, no charter

Looks like southwest is about \$100 cheaper right now, but they don't have many nonstop flights (so weird!)

I know... I couldn't find anything that was direct except for Delta. I swear American had a direct flight to.

I even checked JetBlue

Are you waiting until later today to book?
