

EMERGENCY EXECUTIVE ORDER NUMBER 2020-9

May 6, 2020

To: All Elected Officials, Department Heads, Division Chiefs, Independent Agencies, Authorities, Boards, Commissions, and Councils

From: Lenny Curry, Mayor

Subject: Rescinding Restricted Beach Activities

Pursuant to Section 674.206, Jacksonville Ordinance Code, on March 13, 2020, I issued Emergency Proclamation 2020-001, which proclaimed and declared a public emergency in the City of Jacksonville concerning the threat to the City's citizens, resources and general welfare posed by the COVID-19 pandemic. Once this emergency was declared, Section 674.206, Jacksonville Ordinance Code, grants me the authority to issue such executive orders, proclamations and regulations as I deem reasonable and necessary to fulfill my solemn responsibility to protect the City from this emergency threat. During the term of this emergency period, these emergency executive orders, proclamations and regulations have the full force and effect of law.

The U.S. Center for Disease Control (CDC) continues to provide guidance to reduce introduction of the COVID-19 virus into new communities and to slow the spread of infection in communities already affected by the virus. Because this virus is spread by close social contact, including among individuals who are currently asymptomatic, the Governor and I and thousands of public officials have issued orders to assist in limiting the spread of the virus.

I have restricted certain businesses and prohibited certain gatherings to minimize the potential for the spread of this disease. I have repeatedly encouraged the City's residents to responsibly practice appropriate social distancing and other health-conscious actions. I have also encouraged residents to limit non-essential, public outings and appearances. However, despite these efforts, dangerous social congregations were still occurring. Therefore, in order to reduce the threat of large-scale exposure and to preserve the City's resources for responding to this health crisis, I found it necessary to restrict the public's access and activities at the City's beaches.

The restrictions imposed by my Executive Orders have been necessary to help flatten the curve of citizens diagnosed with COVID-19 in order to limit exposure and help preserve the City's resources and personnel to effectively respond to this medical emergency. While these restrictions have been necessary, I recognize that they have also been a hardship. But they have also been measured and proven to be effective, as Duval County has one of the lowest exposure rates among Florida's largest population centers.

While this crisis has not yet passed us, I have determined that some of the restrictions imposed by previous emergency orders, including Emergency Executive Orders 2020-2, 2020-6 and 2020-7 may be safely lifted in a limited, measured and thoughtful way.

THEREFORE, by virtue of the authority vested in me as Mayor by the Charter and Ordinance Code and as Chief Executive and Administrative Officer of the Consolidated Government, it is ordered:

Effective at 8:00 A.M. on Wednesday May 6, 2020, Emergency Executive Order 2020-2 (closing public beaches), Emergency Executive Order 2020-6 (requiring all public beaches within the Consolidated City to be open for public access only between the hours of 6:00 A.M. and 11:00 A.M. and 5:00 P.M. and 8:00 P.M.) and 2020-7 (restricting activities at public beaches and rescinding restrictions on public lodging establishments) are hereby modified, rescinded and replaced by this Emergency Executive Order 2020-9 as follows:

- **Emergency Executive Order 2020-2 (closing public beaches) and Emergency Executive Order 2020-6 (requiring all public beaches within the Consolidated City to be open for public access only between the hours of 6:00 A.M. and 11:00 A.M. and 5:00 P.M. and 8:00 P.M.) are hereby RESCINDED in their respective entireties;**
- **Those portions of Emergency Executive Order 2020-7 (restricting activities at public beaches and rescinding restrictions on public lodging establishments) pertaining to public beach access and activities are hereby rescinded;**
- **Other than as expressly stated herein, the Consolidated City's public beaches are hereby reopened with no restrictions on access, other than normal access limitations imposed by any authority having jurisdiction over such public beaches;**
- **Other than as expressly stated herein, the Consolidated City's public beaches are hereby reopened with no restrictions on any activities occurring at those beaches, other than limitations imposed by any applicable law, rule or regulation already enacted or in place;**
- **Groups shall be limited to ten (10) or fewer individuals, and social distancing guidelines shall be strictly adhered to;**
- **Due to the absence of on-duty lifeguards, swimming, surfing and all other water and beach activities shall be AT YOUR OWN RISK;**
- **Any person present on any public beach failing to strictly adhere to social distancing guidelines as specified herein shall be subject to prosecution or civil enforcement.**

The intent of these regulations is to reduce the threat of large scale exposure from high numbers of individuals gathered for social, commercial and non-essential purposes. By imposing these requirements, the CDC and other health organizations have indicated that the spread of this rapidly transmitted disease will be reduced and will lessen the impact on the City's limited health, medical and administrative resources.

Approved and issued:

Lenny Curry, Mayor

Approved as to form:

Approval Date: May 6, 2020

Jason Gabriel, General Counsel

**Effective Date: May 6, 2020
